At such time as the title or deed for property acquired, constructed, improved, extended, repaired, remodeled or renovated under this section is conveyed to the educational institution, the consideration shall be returned to the corporation.

5. year plus any unencumbered balances from previous years.

6. Any bonds, notes and other obligations issued by a corporation to pay for the acquisition, construction, improvements, extensions, repairs, remodeling or renovations of sites, buildings and facilities, pursuant to this section, may be secured by a mortgage, pledge or deed of trust of the sites, buildings and facilities and a pledge of the revenues received from the rental thereof to the educational institution. Such bonds, notes and other obligations issued by a corporation shall not be a debt of the educational institution and the educational institution shall not be liable thereon, and in no event shall such bonds, notes or other obligations be payable out of any funds or properties other than those acquired for the purposes of this section, and such bonds, notes and obligations shall not constitute an indebtedness of the educational institution within the meaning of any constitutional or statutory debt limitation or restriction.

10. Provisions of other law to the contrary notwithstanding, the board may refinance any lease purchase agreement that satisfies at least one of the conditions specified in subsection 6 of section 165.011, RSMo, for the purpose of payment on any lease with the corporation under this section for sites, buildings, facilities, furnishings or equipment which the corporation has acquired or constructed, but such refinance shall not extend the date of maturity of any obligation, and the refinancing obligation shall not exceed the amount necessary to pay or provide for the payment of the principal of the outstanding obligations to be refinanced, together with the interest accrued thereon to the date of maturity or redemption of such obligations and any premium which may be due under the terms of such obligations and any amounts necessary for the payments of costs and expenses related to issuing such refunding obligations and to fund a capital projects reserve fund for the obligations.

11. Provisions of other law to the contrary notwithstanding, payments made from any source by a school district, after the latter of July 1, 1994, or July 12, 1994, that result in the transfer of the title of real property to the school district, other than those payments made from the capital projects fund, shall be deducted as an adjustment to the funds payable to the district pursuant to section 163.031, RSMo, beginning in the year following the transfer of title to the district, as determined by the department of elementary and secondary education. In the case of allocations for authorizations of tax credits which may be issued over a period of fiscal years for a single project or projects, such allocation shall be made for the total amount of tax credits to be issued in the aggregate over the entire term of fiscal years, and the subsequent issuance of tax credits so authorized shall not be taken into account in subsequent fiscal years for purposes of determining compliance with statutory limitations on tax credit authorization. For purposes of this section, “streaming credit issuance” shall mean any instance where an administering agency is allowed, by law, to issue tax credits over a period of years to a recipient for a single project or series of projects.**

Further amend said bill, page 12, section 238.232, line 5 of said page, by inserting immediately after said line the following:

(1) Any transportation development district may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, RSMo, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to all sales of electricity or electrical current, water and gas, natural or artificial, nor to sales of service to telephone subscribers, either local or long distance. Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless:

(a) The board of directors of the transportation development district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of this section; or

(b) The voters approved the question certified by the petition filed pursuant to subsection 5 of section 238.207.

(2) If the transportation district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of paragraph (a) of subdivision (1) of this subsection, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the transportation development district of ..... (transportation development district's name) impose a transportation development district-wide sales tax at the rate of ..... (insert amount) for a period of ..... (insert number) years from the date on which such tax is first imposed for the purpose of ..... (insert transportation development purpose)?

☐ YES

☐ NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the

question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) The sales tax authorized by this section shall become effective on the first day of the month following adoption of the tax by the qualified voters.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285, RSMo.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, RSMo, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. 3. On and after the effective date of any tax imposed pursuant to this section, the [transportation development district] **director of revenue** shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, **and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section.** The tax imposed pursuant to this section **and the taxes imposed pursuant to all other laws of the state of Missouri** shall be collected **together** and reported upon such forms and [under] **pursuant to** such administrative rules and regulations as may be prescribed by the [transportation development district] **director of revenue.**

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. 6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division.

In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and permanency of the participant's injuries as they affect not only the future employability and education of the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction.

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. The charges of the department or MO HealthNet division or contractor described in this section, however, shall take priority over all other liens and charges existing under the laws of the state of Missouri with the exception of the attorney's lien under such statute.

12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. The department or MO HealthNet division shall enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on permanently institutionalized individuals. The department or MO HealthNet division shall have the right to enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on all other institutionalized individuals. For the purposes of this subsection, "permanently institutionalized individuals" includes those people who the department or MO HealthNet division determines cannot reasonably be expected to be discharged and return home, and "property" includes the homestead and all other personal and real property in which the participant has sole legal interest or a legal interest based upon co-ownership of the property which is the result of a transfer of property for less than the fair market value within thirty months prior to the [participant's] **participants** entering the nursing facility. The following provisions shall apply to such liens:

(1) The lien shall be for the debt due the state for MO HealthNet benefits paid or to be paid on behalf of a participant. The amount of the lien shall be for the full amount due the state at the time the lien is enforced;

(2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain the name of the participant and a description of the real estate. The recorder shall note the time of receiving such notice, and shall record and index the notice of lien in the same manner as deeds of real estate are required to be recorded and indexed. The director or the director's designee may release or discharge all or part of the lien and notice of the release shall also be filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(3) No such lien may be imposed against the property of any individual prior to the individual's death on account of MO HealthNet benefits paid except:

(a) In the case of the real property of an individual:

a. Who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution, to spend for costs of medical care all but a minimal amount of his or her income required for personal needs; and

b. With respect to whom the director of the MO HealthNet division or the director's designee determines, after notice and opportunity for hearing, that he cannot reasonably be expected to be discharged from the medical institution and to return home. The hearing, if requested, shall proceed under the provisions of chapter 536, RSMo, before a hearing officer designated by the director of the MO HealthNet division; or

(b) Pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual;

(4) No lien may be imposed under paragraph (b) of subdivision (3) of this subsection on such individual's home if one or more of the following persons is lawfully residing in such home:

(a) The spouse of such individual;

(b) Such individual's child who is under twenty-one years of age, or is blind or permanently and totally disabled; or

(c) A sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution;

(5) Any lien imposed with respect to an individual pursuant to subparagraph b of paragraph (a) of subdivision (3) of this subsection shall dissolve upon that individual's discharge from the medical institution and return home.

14. The debt due the state provided by this section is subordinate to the lien provided by section 484.130, RSMo, or section 484.140, RSMo, relating to an attorney's lien and to the participant's expenses of the claim against the third party.

15. Application for and acceptance of MO HealthNet benefits under this chapter shall constitute an assignment to the department of social services or MO HealthNet division of any rights to support for the purpose of medical care as determined by a court or administrative order and of any other rights to payment for medical care.

16. All participants receiving benefits as defined in this chapter shall cooperate with the state by reporting to the family support division or the MO HealthNet division, within thirty days, any occurrences where an injury to their persons or to a member of a household who receives MO HealthNet benefits is sustained, on such form or forms as provided by the family support division or MO HealthNet division.

17. If a person fails to comply with the provision of any judicial or administrative decree or temporary order requiring that person to maintain medical insurance on or be responsible for medical expenses for a dependent child, spouse, or ex-spouse, in addition to other remedies available, that person shall be liable to the state for the entire cost of the medical care provided pursuant to eligibility under any public assistance program on behalf of that dependent child, spouse, or ex-spouse during the period for which the required medical care was provided. Where a duty of support exists and no judicial or administrative decree or temporary order for support has been entered, the person owing the duty of support shall be liable to the

state for the entire cost of the medical care provided on behalf of the dependent child or spouse to whom the duty of support is owed.

18. The department director or the director's designee may compromise, settle or waive any such claim in whole or in part in the interest of the MO HealthNet program. Notwithstanding any provision in this section to the contrary, the department of social services, MO HealthNet division is not required to seek reimbursement from a liable third party on claims for which the amount it reasonably expects to recover will be less than the cost of recovery or for which recovery efforts will not be cost-effective. Cost-effectiveness is determined based on the following:

(1) Actual and legal issues of liability as may exist between the [recipient] **participant** and the liable party;

(2) Total funds available for settlement; and

(3) An estimate of the cost to the division of pursuing its claim.”; and

Further amend said bill, page 17, section 208.1345, line 2 of said page, by inserting after all of said line the following:

“287.266. 1. As used in this section, the following terms mean:

(1) “Provider”, any individual, corporation, public or private entity that has entered into an agreement with the state to provide any service set out in section 208.152, RSMo, and subsequent amendments;

(2) “Person eligible for public assistance”, any individual who is or was eligible for medical assistance under the laws of this state.

2. Payments made **by the department** to or on behalf of a person eligible for public assistance as the result of any compensable injury, occupational disease or disability as defined by this chapter **shall be presumed to be benefits incorrectly paid for purposes of 42 U.S.C. 1396p**, shall be a debt due the state, and recovery of same shall be a recognized action pursuant to this chapter. **Any settlement approved or judgment issued by the administrative law judge shall constitute a judgment of a court on account of benefits incorrectly paid under 42 U.S.C. 1396p.**

3. The state shall have a lien upon any funds owed by any employer that are or might be due under any insurance agreement or self-insurance authority in effect at the time the medical expense or any portion thereof was paid by the department of social services or its designated division.

4. **Any settlement approved or judgment issued by the administrative law judge shall require full repayment of all moneys paid by the department to or on behalf of a person eligible for public assistance as the result of any compensable injury, occupational disease, or disability as defined by this chapter. All moneys repaid to the department shall be allocated as medical expenses in the settlement or judgment.** The state shall have a right of subrogation to any funds **for medical expenses** owed to or received by the employee or any person, corporation, public agency or private agency acting on his behalf notwithstanding any other provisions of this chapter. **The amount of medical expenses authorized by the administrative law judge shall be greater than or equal to the debt due the state. In no case shall the debt due the state be reduced.**

5. The department [of social services] or its designated division may maintain an appropriate action to recover funds due under this section pursuant to the workers' compensation law or the second injury fund, which includes the exercise of all appeal rights afforded by the laws of this state.

6. The department shall have a right to recover the full amount of its payments when payments are made to a provider under this chapter if the payments were made on behalf of a person eligible for public assistance for an injury, occupational disease, or disability which is compensable under this chapter **notwithstanding the injured employee's selection of a provider or direction of care.**

7. This debt due the state shall be subordinate only to the fee rights of the injured employee's attorney pursuant to this chapter, and the state shall not be required to pay any portion of the fees or costs incurred by the employee or the employer.

8. Application for and acceptance of public assistance made to or on behalf of the injured employee shall constitute an assignment of rights to the department of social services for reimbursement of funds expended by the department of social services in the treatment of a compensable injury.

9. **The employer and attorney for an injured worker who is eligible for and receives public assistance as provided by sections 208.151 to 208.159, RSMo, and section 208.162, RSMo, as the result of an occupational or work-related incident shall give the department of social services thirty days notice of any institution of a proceeding, settlement, or judgment. No settlement or judgment may be approved or issued by the administrative law judge without the filing of a release from the MO HealthNet division evidencing full repayment of all moneys paid by the department to or on behalf of a person eligible for public assistance as the result of any compensable injury, occupational disease, or disability as defined by this chapter.** [The] Any attorney for the injured worker shall also notify the department of social services upon representation of each client who was eligible for public assistance as provided by sections 208.151 to 208.159, RSMo, and section 208.162, RSMo, prior to, during or subsequent to the date of injury, that the attorney was retained to pursue the client's legal rights related to the compensable injury.

10. The administrative law judge, pursuant to authority granted under section 287.610, shall apportion the debt due the state between the injured worker and the injured worker's employer or their designated representatives **in accordance with state and federal law** when an agreement cannot be reached regarding the respective liability for money expended by the department of social services on behalf of the injured employee, but in no case shall the debt due the state be reduced.”; and

Further amend the title and enacting clause accordingly.

Senator Crowell moved that the above amendment be adopted, which motion prevailed.

Senator Engler assumed the Chair.

Senator Stouffer offered **SA 3:**

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 558, Page 1, In the Title, Lines 4-5, by striking all of said lines from the bill and inserting in lieu thereof the following: “scholarships.”; and

Further amend said bill, page 13, section 173.268, line 8, by inserting after all of said line the following:

“173.1105. 1. [Beginning with the 2007-08 academic year,] An applicant who is an undergraduate postsecondary student at an approved private or public institution and who meets the other eligibility criteria shall be eligible for financial assistance, with a minimum and maximum award amount as follows:

**(1) For academic years 2009-2010, 2010-2011, 2011-2012, and 2012-2013:**

**(a) One thousand dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector;**

**[(2)] (b) Two thousand one hundred fifty dollars maximum and one thousand dollars minimum for students attending institutions classified as part of the public four-year sector, including Linn State Technical College; and**

**[(3)] (c) Four thousand six hundred dollars maximum and two thousand dollars minimum for students attending approved private institutions.**

**(2) For the 2013-14 academic year and subsequent years:**

**(a) One thousand dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector; and**

**(b) Two thousand eight hundred fifty dollars maximum and one thousand five hundred dollars minimum for students attending institutions classified as part of the public four-year sector, including Linn State Technical College, or approved private institutions.**

2. All students with an expected family contribution of twelve thousand dollars or less shall receive at least the minimum award amount for his or her institution. Maximum award amounts for an eligible student with an expected family contribution above seven thousand dollars shall be reduced by ten percent of the maximum expected family contribution for his or her increment group. Any award amount shall be reduced by the amount of a student's [reimbursement pursuant to section 160.545, RSMo] **payment from the A+ schools program or its successor**. For purposes of this subsection, the term “increment group” shall mean a group organized by expected family contribution in five hundred dollar increments into which all eligible

students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds exceed the amount necessary to fund the program, the additional funds shall be used to increase the number of recipients by raising the cutoff for the expected family contribution rather than by increasing the size of the award.

4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline established for the program upon the passage of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly.”; and

Further amend the title and enacting clause accordingly.

SENATE AMENDMENT NO. 1

Amend Senate Committee Substitute for Senate Bill No. 57, Page 1, Section A, Line 2, by inserting after all of said line the following:

“226.540. Notwithstanding any other provisions of sections 226.500 to 226.600, outdoor advertising shall be permitted within six hundred and sixty feet of the nearest edge of the right-of-way of highways located on the interstate, federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended in areas zoned industrial, commercial or the like and in unzoned commercial and

industrial areas as defined in this section, subject to the following regulations which are consistent with customary use in this state:

(1) Lighting:

(a) No revolving or rotating beam or beacon of light that simulates any emergency light or device shall be permitted as part of any sign. No flashing, intermittent, or moving light or lights, **nor tri-vision, projection, digital, or other changeable copy technology** will be permitted except scoreboards and other illuminated signs designating public service information, such as time, date, or temperature, or similar information, will be allowed; [tri-vision, projection, and other changeable message signs shall be allowed subject to Missouri highways and transportation commission regulations;]

(b) External lighting, such as floodlights, thin line and gooseneck reflectors are permitted, provided the light source is directed upon the face of the sign and is effectively shielded so as to prevent beams or rays of light from being directed into any portion of the main traveled way of the federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System and the lights are not of such intensity so as to cause glare, impair the vision of the driver of a motor vehicle, or otherwise interfere with a driver's operation of a motor vehicle;

(c) No sign shall be so illuminated that it interferes with the effectiveness of, or obscures, an official traffic sign, device, or signal;

(2) Size of signs:

(a) The maximum area for any one sign shall be eight hundred square feet with a maximum height of thirty feet and a maximum length of seventy-two feet, inclusive of border and trim but excluding the base or apron, supports, and other structural members. The area shall be measured as established herein and in rules promulgated by the commission. In determining the size of a conforming or nonconforming sign structure, temporary cutouts and extensions installed for the length of a specific display contract shall not be considered a substantial increase to the size of the permanent display; provided the actual square footage of such temporary cutouts or extensions may not exceed thirty-three percent of the permanent display area. Signs erected in accordance with the provisions of sections 226.500 to 226.600 prior to August 28, 2002, which fail to meet the requirements of this provision shall be deemed legally nonconforming as defined herein;

(b) The maximum size limitations shall apply to each side of a sign structure, and signs may be placed back to back, double faced, or in V-type construction with not more than two displays to each facing, but such sign structure shall be considered as one sign;

(c) After August 28, 1999, no new sign structure shall be erected in which two or more displays are stacked one above the other. Stacked structures existing on or before August 28, 1999, in accordance with sections 226.500 to 226.600 shall be deemed legally nonconforming and may be maintained in accordance with the provisions of sections 226.500 to 226.600. Structures displaying more than one display on a horizontal basis shall be allowed, provided that total display areas do not exceed the maximum allowed square footage for a sign structure pursuant to the provisions of paragraph (a) of this subdivision;

(3) Spacing of signs:

(a) On all interstate highways, freeways, and nonfreeway federal-aid primary highways as of June 1,

1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System:

a. No sign structure shall be erected within one thousand four hundred feet of an existing sign on the same side of the highway;

b. Outside of incorporated municipalities, no structure may be located adjacent to or within five hundred feet of an interchange, intersection at grade, or safety rest area. Such five hundred feet shall be measured from the beginning or ending of the pavement widening at the exit from or entrance to the main traveled way. For purpose of this subparagraph, the term “incorporated municipalities” shall include “urban areas”, except that such “urban areas” shall not be considered “incorporated municipalities” if it is finally determined that such would have the effect of making Missouri be in noncompliance with the requirements of Title 23, United States Code, Section 131;

(b) The spacing between structure provisions of this subdivision do not apply to signs which are separated by buildings, natural surroundings, or other obstructions in such manner that only one sign facing located within such distance is visible at any one time. Directional or other official signs or those advertising the sale or lease of the property on which they are located, or those which advertise activities on the property on which they are located, including products sold, shall not be counted, nor shall measurements be made from them for the purpose of compliance with spacing provisions;

(c) No sign shall be located in such manner as to obstruct or otherwise physically interfere with the effectiveness of an official traffic sign, signal, or device or obstruct or physically interfere with a motor vehicle operator's view of approaching, merging, or intersecting traffic;

(d) The measurements in this section shall be the minimum distances between outdoor advertising sign structures measured along the nearest edge of the pavement between points directly opposite the signs along each side of the highway and shall apply only to outdoor advertising sign structures located on the same side of the highway involved;

(4) As used in this section, the words “unzoned commercial and industrial land” shall be defined as follows: that area not zoned by state or local law or ordinance and on which there is located one or more permanent structures used for a commercial business or industrial activity or on which a commercial or industrial activity is actually conducted together with the area along the highway extending outwardly seven hundred fifty feet from and beyond the edge of such activity. All measurements shall be from the outer edges of the regularly used improvements, buildings, parking lots, landscaped, storage or processing areas of the commercial or industrial activity and along and parallel to the edge of the pavement of the highway. Unzoned land shall not include:

(a) Land on the opposite side of the highway from an unzoned commercial or industrial area as defined in this section and located adjacent to highways located on the interstate, federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended, unless the opposite side of the highway qualifies as a separate unzoned commercial or industrial area; or

(b) Land zoned by a state or local law, regulation, or ordinance;

(5) “Commercial or industrial activities” as used in this section means those which are generally recognized as commercial or industrial by zoning authorities in this state, except that none of the following shall be considered commercial or industrial:

- (a) Outdoor advertising structures;
- (b) Agricultural, forestry, ranching, grazing, farming, and related activities, including seasonal roadside fresh produce stands;
- (c) Transient or temporary activities;
- (d) Activities more than six hundred sixty feet from the nearest edge of the right-of-way or not visible from the main traveled way;
- (e) Activities conducted in a building principally used as a residence;
- (f) Railroad tracks and minor sidings;

(6) The words “unzoned commercial or industrial land” shall also include all areas not specified in this section which constitute an “unzoned commercial or industrial area” within the meaning of the present Section 131 of Title 23 of the United States Code, or as such statute may be amended. As used in this section, the words “zoned commercial or industrial area” shall refer to those areas zoned commercial or industrial by the duly constituted zoning authority of a municipality, county, or other lawfully established political subdivision of the state, or by the state and which is within seven hundred fifty feet of one or more permanent commercial or industrial activities. Commercial or industrial activities as used in this section are limited to those activities:

- (a) In which the primary use of the property is commercial or industrial in nature;
- (b) Which are clearly visible from the highway and recognizable as a commercial business;
- (c) Which are permanent as opposed to temporary or transitory and of a nature that would customarily be restricted to commercial or industrial zoning in areas comprehensively zoned; and

(d) In determining whether the primary use of the property is commercial or industrial pursuant to paragraph (a) of this subdivision, the state highways and transportation commission shall consider the following factors:

- a. The presence of a permanent and substantial building;
- b. The existence of utilities and local business licenses, if any, for the commercial activity;
- c. On-premise signs or other identification;
- d. The presence of an owner or employee on the premises for at least twenty hours per week;

(7) In zoned commercial and industrial areas, whenever a state, county or municipal zoning authority has adopted laws or ordinances which include regulations with respect to the size, lighting and spacing of signs, which regulations are consistent with the intent of sections 226.500 to 226.600 and with customary use, then from and after the effective date of such regulations, and so long as they shall continue in effect, the provisions of this section shall not apply to the erection of signs in such areas. Notwithstanding any other provisions of this section, after August 28, 1992, with respect to any outdoor advertising which is regulated by the provisions of subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527:

- (a) No county or municipality shall issue a permit to allow a regulated sign to be newly erected without a permit issued by the state highways and transportation commission;
- (b) A county or municipality may charge a reasonable one-time permit or inspection fee to assure

compliance with local wind load and electrical requirements when the sign is first erected, but a county or municipality may not charge a permit or inspection fee for such sign after such initial fee. Changing the display face or performing routine maintenance shall not be considered as erecting a new sign;

(8) The state highways and transportation commission on behalf of the state of Missouri, may seek agreement with the Secretary of Transportation of the United States under Section 131 of Title 23, United States Code, as amended, that sections 226.500 to 226.600 are in conformance with that Section 131 and provides effective control of outdoor advertising signs as set forth therein. If such agreement cannot be reached and the penalties under subsection (b) of Section 131 are invoked, the attorney general of this state shall institute proceedings described in subsection (1) of that Section 131.”; and

Further amend the title and enacting clause accordingly.

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“In prayer it is better to have a heart without words than words without a heart.” (John Bunyan)

We are very good using our words to communicate our intent; but we ask O Lord that our words may also convey what is in our hearts so that we are truly present and the true meaning in our desires are communicated in authentic ways. Guide our hearts and words so that they are never mean-spirited or to hurt another whether in this chamber or our office or home. In Your Holy name we pray. Amen.

# Journal of the Senate

## FIRST REGULAR SESSION

---

**FORTY-NINTH DAY—WEDNESDAY, APRIL 8, 2009**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Love more persons more—love them more impersonally, more unselfishly, without thought of return. The return, never fear, will take care of itself.” (*Henry Drummond*)

Lord God, we live in a society of “quid pro quo” and it is true that our system of working and relating to one another seems to work best in this system. But we pray Lord that we might learn another way that You have taught us that in giving of ourselves freely we are much more blessed than we could imagine. Help us to be more loving in this way O Lord now and forever. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

WHEREAS, beginning with the 2008-2009 flu season, annual vaccination of all children aged six months to 18 years is recommended by the Centers for Disease Control and Prevention's (CDC) Advisory Committee on Immunization Practices (ACIP), as well as the American Academy of Pediatrics (AAP); and

WHEREAS, annual vaccination of all children aged six months through 18 years should begin as soon as a vaccine is available in the 2008-2009 flu season, but should be initiated no later than the 2009-2010 season; and

WHEREAS, strategies that focus on providing routine vaccination to persons at higher risk for flu complications have long been recommended, although rates of flu vaccination among the majority of these groups remains low; and

WHEREAS, although the flu is the most frequent cause of death for a vaccine-preventable disease in the United States, there were 87 reported pediatric deaths in this country caused by the flu during the 2007-2008 flu season, and it is responsible for an average of 200,000 hospitalizations each year and an estimated 36,000 deaths, primarily in the elderly; and

WHEREAS, according to the AAP, the ACIP's expanded recommendations target all school-age children, the population that bears the greatest burden of disease and is at higher risk of needing flu-related medical care compared with healthy adults, and the AAP states that reducing flu transmission among school-age children will in turn reduce transmission of the flu to household contacts and community members; and

WHEREAS, flu vaccine should be offered to all children as soon as a vaccine becomes available before the start of the season and should continue into March and beyond, as there is often more than one peak in flu illness during the same season, so the AAP states that vaccination through May 1 can provide protection and widen the window of opportunity for children who need two doses of vaccine to receive it; and

WHEREAS, school-based vaccination is an efficient venue for the mass vaccination of school-age children against the flu, and school-based vaccination programs benefit the communities in which they are conducted by helping reduce transmission of the flu to other members of the community; and

WHEREAS, the potential threat of a flu pandemic underscores the benefit of building out local infrastructure and strengthening community partnerships as a preventive measure to address both seasonal flu and the event of pandemic;

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby recognize and declare that extending the flu vaccination season both earlier and later may help vaccinate, and therefore protect, children, adults and especially those in high risk groups, and it is important during this flu season that all Missourians are protected against this dangerous and potentially deadly disease; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to send properly inscribed copies of this resolution to the Department of Health and Senior Services and the Department of Elementary and Secondary Education.

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit;

(2) Interest on certain governmental obligations excluded from federal gross income by Section 103 of the Internal Revenue Code. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of Section 265 of the Internal Revenue Code. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by Section 172(b)(1)(G) and Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the

taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(4) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357, RSMo, that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which armed forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone; and

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an addition modification was made under subdivision (3) of subsection 2 of this section, the amount by which addition modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection.

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

6. In addition to the modifications to a taxpayer's federal adjusted gross income in this section, to

calculate Missouri adjusted gross income there shall be subtracted from the taxpayer's federal adjusted gross income any gain recognized pursuant to Section 1033 of the Internal Revenue Code of 1986, as amended, arising from compulsory or involuntary conversion of property as a result of condemnation or the imminence thereof.

7. (1) As used in this subsection, “qualified health insurance premium” means the amount paid during the tax year by such taxpayer for any insurance policy primarily providing health care coverage for the taxpayer, the taxpayer's spouse, or the taxpayer's dependents.

(2) In addition to the subtractions in subsection 3 of this section, one hundred percent of the amount of qualified health insurance premiums shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for such premiums is included in federal taxable income. The taxpayer shall provide the department of revenue with proof of the amount of qualified health insurance premiums paid.

8. (1) Beginning January 1, 2009, in addition to the subtractions provided in this section, one hundred percent of the cost incurred by a taxpayer for a home energy audit conducted by an entity certified by the department of natural resources under section 640.153, RSMo, or the implementation of any energy efficiency recommendations made in such an audit shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for any such activity is included in federal taxable income. The taxpayer shall provide the department of revenue with a summary of any recommendations made in a qualified home energy audit, the name and certification number of the qualified home energy auditor who conducted the audit, and proof of the amount paid for any activities under this subsection for which a deduction is claimed. The taxpayer shall also provide a copy of the summary of any recommendations made in a qualified home energy audit to the department of natural resources.

(2) At no time shall a deduction claimed under this subsection by an individual taxpayer or taxpayers filing combined returns exceed one thousand dollars per year or cumulatively exceed two thousand dollars per taxpayer or taxpayers filing combined returns.

(3) Any deduction claimed under this subsection shall be claimed for the tax year in which the qualified home energy audit was conducted or in which the implementation of the energy efficiency recommendations occurred. If implementation of the energy efficiency recommendations occurred during more than one year, the deduction may be claimed in more than one year, subject to the limitations provided under subdivision (2) of this subsection.

(4) A deduction [shall not be claimed] **allowed** for any [otherwise] eligible activity under this subsection **shall be reduced by an amount equal to** [if such activity qualified for and received] any rebate or other incentive **received** through a state-sponsored energy program or through an electric corporation, gas corporation, electric cooperative, or municipally owned utility.

9. The provisions of subsection 8 of this section shall expire on December 31, 2013.”; and

Further amend the title and enacting clause accordingly.

Senator Griesheimer moved that the above amendment be adopted, which motion prevailed.

#### SENATE AMENDMENT NO. 6

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 191, Page 21, Section 32.115, Line 12, by inserting after all of said line the following:

**“71.275. Notwithstanding any other provision of law to the contrary, if the governing body of any municipality finds it in the public interest that a parcel of land that has not been sold within the previous six months and is contiguous and compact to the existing corporate limits of the municipality and located in an unincorporated area of the county, which is used as a research park, should be located in the municipality, such municipality may annex such parcel, provided that the municipality obtains written consent of all the property owners located within the unincorporated area of such parcel. For purposes of this section, the term “research park” shall mean an area developed by a university to be used by technology-intensive and research-based companies as a business location, and a parcel of land shall be considered “sold” when there is a change in at least fifty-one percent of the property’s ownership in a transaction that involves a buyer or buyers and a seller or sellers, but shall not include a partial divestment of such real property or any transaction in which ownership is vested in whole or in part in a subsidiary, affiliate, partner, joint venturer, or other entity to the owner.”; and**

Further amend the title and enacting clause accordingly.

Senator Rupp moved that the above amendment be adopted, which motion prevailed.

Senator Lager offered SA 7:

#### SENATE AMENDMENT NO. 7

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 191, Page 21, Section 32.115, Line 12 of said page, by inserting immediately after all of said line the following:

**“67.110. 1. Each political subdivision in the state, except counties and any political subdivision located at least partially within any county with a charter form of government or any political subdivision located at least partially within any city not within a county, shall fix its ad valorem property tax rates as provided in this section not later than September first for entry in the tax books. Each political subdivision located, at least partially, within a county with a charter form of government or within a city not within a county shall fix its ad valorem property tax rates as provided in this section not later than October first for entry in the tax books for each calendar year after December 31, 2008. Before the governing body of each political subdivision of the state, except counties, as defined in section 70.120, RSMo, fixes its rate of taxation, its budget officer shall present to its governing body the following information for each tax rate to be levied: the assessed valuation by category of real, personal and other tangible property in the political subdivision as entered in the tax book for the fiscal year for which the tax is to be levied, as provided by subsection 3 of section 137.245, RSMo, the assessed valuation by category of real, personal and other tangible property in the political subdivisions for the preceding taxable year, the amount of revenue required to be provided from the property tax as set forth in the annual budget adopted as provided by this chapter, and the tax rate proposed to be set. Should any political subdivision whose taxes are collected by the county collector of revenue fail to fix its ad valorem property tax rate by [September first] **the date provided under this section for such political subdivision**, then no tax rate other than the rate, if any, necessary to pay the interest and principal on any outstanding bonds shall be certified for that year.**

2. The governing body shall hold at least one public hearing on the proposed rates of taxes at which citizens shall be heard prior to their approval. The governing body shall determine the time and place for such hearing. A notice stating the hour, date and place of the hearing shall be published in at least one newspaper qualified under the laws of the state of Missouri of general circulation in the county within which

all or the largest portion of the political subdivision is situated, or such notice shall be posted in at least three public places within the political subdivision; except that, in any county of the first class having a charter form of government, such notice may be published in a newspaper of general circulation within the political subdivision even though such newspaper is not qualified under the laws of Missouri for other legal notices. Such notice shall be published or posted at least seven days prior to the date of the hearing. The notice shall include the assessed valuation by category of real, personal and other tangible property in the political subdivision for the fiscal year for which the tax is to be levied as provided by subsection 3 of section 137.245, RSMo, the assessed valuation by category of real, personal and other tangible property in the political subdivision for the preceding taxable year, for each rate to be levied the amount of revenue required to be provided from the property tax as set forth in the annual budget adopted as provided by this chapter, and the tax rates proposed to be set for the various purposes of taxation. The tax rates shall be calculated to produce substantially the same revenues as required in the annual budget adopted as provided in this chapter. Following the hearing the governing body of each political subdivision shall fix the rates of taxes, the same to be entered in the tax book. Failure of any taxpayer to appear at such hearing shall not prevent the taxpayer from pursuit of any other legal remedy otherwise available to the taxpayer. Nothing in this section absolves political subdivisions of responsibilities under section 137.073, RSMo, nor to adjust tax rates in event changes in assessed valuation occur that would alter the tax rate calculations.

3. Each political subdivision of the state shall fix its property tax rates in the manner provided in this section for each fiscal year which begins after December 31, 1976. New or increased tax rates for political subdivisions whose taxes are collected by the county collector approved by voters after September first of any year shall not be included in that year's tax levy except for any new tax rate ceiling approved pursuant to section 71.800, RSMo.

4. In addition to the information required under subsections 1 and 2 of this section, each political subdivision shall also include the increase in tax revenue due to an increase in assessed value as a result of new construction and improvement and the increase, both in dollar value and percentage, in tax revenue as a result of reassessment if the proposed tax rate is adopted.”; and

Further amend said bill, page 158, section 135.967, line 25, by inserting immediately after all of said line the following:

“137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate[; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year]. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, or as excess home dock city or county fees as provided in subsection 4 of section 313.820, RSMo, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that **for all tax years beginning on or after January 1, 2009 but ending on or before December 31, 2013, the rate may not exceed the greater of the rate in effect in the 1984 tax year or the most recent voter-approved rate. For all tax years beginning on or after January 1, 2014, all political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate may not exceed the most recent voter-approved rate. For the 2009 tax year, any political subdivision may levy a rate sufficient to generate substantially the same amount of tax revenue as was produced in the 2007 tax year from all taxable property, exclusive of any new construction or improvements attributable to tax years 2008 and 2009, except that such rate shall not exceed the greater of the rate in effect for the 1984 tax year or the most recent voter approved tax rate. Provisions of section 163.021, RSMo, to the contrary notwithstanding, any school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri constitution and under subdivision 4 of subsection 5 of this section, if such tax rate does not exceed**

**the highest tax rate in effect subsequent to the 1980 tax year. Provisions of section 163.021, RSMo, to the contrary notwithstanding, for all tax years beginning on or after January 1, 2014, any school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri constitution and under subdivision 4 of subsection 5 of this section if such tax rate does not exceed the most recent voter- approved tax rate.** Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which

would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term “improvements” shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 15 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the

increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term “property” means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision (4) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, RSMo, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151, RSMo, and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate

ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo, or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by

the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend the title and enacting clause accordingly.

Senator Lager moved that the above amendment be adopted, which motion prevailed.

Senator Champion offered **SA 8**:

## SENATE AMENDMENT NO. 10

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 191, Page 40, Section 99.960, Line 22 of said page, by inserting after all of said line the following:

“99.1090. 1. A municipality shall submit an application to the department of economic development for review and determination as to approval of the disbursement of the project costs of one or more redevelopment projects from the downtown revitalization preservation fund. The department of economic development shall forward the application to the commissioner of the office of administration for approval. In no event shall any approval authorize a disbursement of one or more redevelopment projects from the downtown revitalization preservation fund which exceeds the allowable amount of other net new revenues derived from the redevelopment area. An application submitted to the department of economic development shall contain the following, in addition to the items set forth in section 99.1086:

(1) An estimate that one hundred percent of the local sales tax increment deposited to the special allocation fund must and will be used to pay redevelopment project costs or obligations issued to finance redevelopment project costs to achieve the objectives of the redevelopment plan. **Contributions to the redevelopment project from any private not-for-profit organization or local contributions from tax abatement or other sources may be substituted on a dollar-for-dollar basis for the local match of one hundred percent of economic activity taxes from the fund;**

(2) Identification of the existing businesses located within the redevelopment project area and the redevelopment area;

(3) The aggregate baseline year amount of state sales tax revenues reported by existing businesses within the redevelopment project area. Provisions of section 32.057, RSMo, notwithstanding, municipalities will provide this information to the department of revenue for verification. The department of revenue will verify the information provided by the municipalities within forty-five days of receiving a request for such verification from a municipality;

(4) An estimate of the state sales tax increment within the redevelopment project area after redevelopment. The department of economic development shall have the discretion to exempt smaller projects from this requirement;

(5) An affidavit that is signed by the developer or developers attesting that the provision of subdivision (2) of subsection 2 of section 99.1086 has been met;

(6) The amounts and types of other net new revenues sought by the applicant to be disbursed from the downtown revitalization preservation fund over the term of the redevelopment plan;

(7) The methodologies and underlying assumptions used in determining the estimate of the state sales tax increment; and

(8) Any other information reasonably requested by the department of economic development.

2. The department of economic development shall make all reasonable efforts to process applications within a reasonable amount of time.

3. The department of economic development shall make a determination regarding the application for a certificate allowing disbursements from the downtown revitalization preservation fund and shall forward such determination to the commissioner of the office of administration. In no event shall the amount of disbursements from the downtown revitalization preservation fund approved for a project, in addition to any

other state economic redevelopment funding or other state incentives, exceed the projected state benefit of the redevelopment project, as determined by the department of economic development through a cost-benefit analysis. Any political subdivision located either wholly or partially within the redevelopment area shall be permitted to submit information to the department of economic development for consideration in its cost-benefit analysis. Upon approval of downtown revitalization preservation financing, a certificate of approval shall be issued by the department of economic development containing the terms and limitations of the disbursement.

4. At no time shall the annual amount of other net new revenues approved for disbursements from the downtown revitalization preservation fund exceed fifteen million dollars.

5. Redevelopment projects receiving disbursements from the downtown revitalization preservation fund shall be limited to receiving such disbursements for twenty-five years. The approved term notwithstanding, downtown revitalization preservation financing shall terminate when redevelopment financing for a redevelopment project is terminated by a municipality.

6. The municipality shall deposit payments received from the downtown revitalization preservation redevelopment fund in a separate segregated account for other net new revenues within the special allocation fund.

7. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the downtown revitalization preservation fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the downtown revitalization preservation fund created under section 99.1092.

8. A redevelopment project approved for downtown revitalization preservation financing shall not thereafter elect to receive tax increment financing under the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, and continue to receive downtown revitalization financing under sections 99.1080 to 99.1092.

9. The department of economic development may establish the procedures and standards for the determination and approval of applications by the promulgation of rules and publish forms to implement the provisions of this section and section 99.1092.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section and section 99.1092 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section, section 99.1092, and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly under chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.”; and

**SENATE RESOLUTION NO. 852**

Whereas, the members of the Missouri Senate always welcome the opportunity to acknowledge milestone events in the histories of Show-Me State cultural institutions that admirably enhance the quality of life in local communities and neighborhoods through the excellence of their artistic endeavors; and

Whereas, Kiel Opera House in Saint Louis, Missouri, was opened in April 1934 in the Saint Louis Municipal Auditorium with a schedule that included sixty-one shows, concerts, events, festivals, and exhibits, including a reprise of Guy Golterman's "Aida" by Verdi, which had been performed in Saint Louis sixteen years earlier to audiences that totaled more than 50,000 people; and

Whereas, the year 2009 marks the Seventy-fifth Anniversary of the construction of Kiel Opera House, which closed in 1991; and

Whereas, Kiel Opera House was named in 1943 in honor of three-term Saint Louis mayor Henry Kiel, who had served as the builder of the structure ten years earlier, which was originally known as the Municipal Auditorium, Convention Hall and Opera House; and

Whereas, Kiel Opera House takes up an entire city block on Market Street from Fourteenth to Fifteenth streets and is made of limestone with a series of eight large columns marking the eight doorways that open into the ticket lobby; and

Whereas, with a main stage that was the second largest in the United States at the time of its construction, Kiel Opera House is part of a complex that was designed to seat more than 18,000 people in a music hall, an arena, an exposition hall, and four assembly halls; and

Whereas, throughout its nearly six decades in operation, Kiel Opera House proved to be a significant attraction in the downtown area of the city and an exceptional component in the cultural life of Saint Louis; and

Whereas, Kiel Opera House today is owned by SCP Worldwide, which also owns the Saint Louis Blues ice hockey team and the nearby Scottrade Center in downtown Saint Louis:

Now, Therefore, Be It Resolved that we, the members of the Missouri Senate, Ninety-fifth General Assembly, join to applaud the history, goals, and accomplishments associated with the Kiel Opera House and to convey to all of those involved this legislative body's most heartfelt best wishes as they celebrate the Seventy-fifth Anniversary of its establishment; and

633.401. 1. For purposes of this section, the following terms mean:

(1) "Engaging in the business of providing health benefit services", accepting payment for health benefit services;

(2) "Intermediate care facility for the mentally retarded", a private or department of mental health facility which admits persons who are mentally retarded or developmentally disabled for residential habilitation and other services pursuant to chapter 630, RSMo. Such term shall include habilitation centers and private or public intermediate care facilities for the mentally retarded that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart 1;

(3) "Net operating revenues from providing services of intermediate care facilities for the mentally retarded" shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) "Services of intermediate care facilities for the mentally retarded" has the same meaning as the term

used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider Specific Tax Amendment of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the mentally retarded shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the mentally retarded or developmentally disabled in this state.

3. Each facility's assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the mentally retarded, the assessment imposed pursuant to this section on net operating revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the mentally retarded on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the "Intermediate Care Facility Mentally Retarded Reimbursement Allowance Fund", which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any unexpended balance in the intermediate care facility mentally retarded reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the mentally retarded shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. On or before the forty-fifth day after the end of each month commencing July 1, 2008, each provider of services of intermediate care facilities for the mentally retarded shall submit to the department of social services a report on a cash basis that reflects such information as is necessary to determine the amount of the assessment payable for that month.

9. Every provider of services of intermediate care facilities for the mentally retarded shall submit a certified annual report of net operating revenues from the furnishing of services of intermediate care facilities for the mentally retarded. The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. Final payments of the assessment for each year shall be due for all providers of services of intermediate care facilities for the mentally retarded upon the due date for submission of the certified annual report.

10. The director of the department of mental health shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of this section.

11. Upon receipt of notification from the director of the department of mental health of a provider's delinquency in paying assessments required under this section, the director of the department of social services shall withhold, and shall remit to the director of the department of revenue, an assessment amount estimated by the director of the department of mental health from any payment to be made by the state to the provider.

12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the mentally retarded provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055, RSMo.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any intermediate care facility for the mentally retarded granted by state law.

15. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

16. The provisions of this section shall expire on [June] **September** 30, [2009] **2011.**"; and

Further amend said bill, page 18, section 1, line 3, by inserting immediately after said line the following:

"Section B. Because of the need for continued imposition and collection of certain provider taxes, the repeal and reenactment of sections 208.437, 208.480, 338.535, 338.550, and 633.401, RSMo of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of sections 208.437, 208.480, 338.535, 338.550, and 633.401, RSMo, of section A of this act shall be in full force and effect upon its passage and approval."; and

**For purposes of this section, the primary beneficiary and the annuitant shall not be the same individual.**

2. The department shall establish a sixty month look-back period to review any investment in an annuity by an applicant for MO HealthNet benefits. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.”; and

(1) Every application other than a renewal application for a motor vehicle franchise dealer shall include a certification that the applicant has a bona fide established place of business. Such application shall include an annual certification that the applicant has a bona fide established place of business for the first three years and only for every other year thereafter. The certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located; except that in counties of the first classification, certification may be performed by an officer of a metropolitan police department when the applicant's established place of business of distributing or selling motor vehicles or trailers is in the metropolitan area where the certifying metropolitan police officer is employed. When the application is being made for licensure as a boat manufacturer or boat dealer, certification shall be performed by a uniformed member of the Missouri state water patrol stationed in the district area in which the applicant's place of business is located or by a uniformed member of the Missouri state highway patrol stationed in the troop area in which the applicant's place of business is located or, if the applicant's place of business is located within the jurisdiction of a metropolitan police department in a first class county, by an officer of such metropolitan police department. A bona fide established place of business for any new motor vehicle franchise dealer, used motor vehicle

dealer, boat dealer, powersport dealer, wholesale motor vehicle dealer, trailer dealer, or wholesale or public auction shall be a permanent enclosed building or structure, either owned in fee or leased and actually occupied as a place of business by the applicant for the selling, bartering, trading, servicing, or exchanging of motor vehicles, boats, personal watercraft, or trailers and wherein the public may contact the owner or operator at any reasonable time, and wherein shall be kept and maintained the books, records, files and other matters required and necessary to conduct the business. The applicant's place of business shall contain a working telephone which shall be maintained during the entire registration year. In order to qualify as a bona fide established place of business for all applicants licensed pursuant to this section there shall be an exterior sign displayed carrying the name of the business set forth in letters at least six inches in height and clearly visible to the public and there shall be an area or lot which shall not be a public street on which multiple vehicles, boats, personal watercraft, or trailers may be displayed. The sign shall contain the name of the dealership by which it is known to the public through advertising or otherwise, which need not be identical to the name appearing on the dealership's license so long as such name is registered as a fictitious name with the secretary of state, has been approved by its line-make manufacturer in writing in the case of a new motor vehicle franchise dealer and a copy of such fictitious name registration has been provided to the department. Dealers who sell only emergency vehicles as defined in section 301.550 are exempt from maintaining a bona fide place of business, including the related law enforcement certification requirements, and from meeting the minimum yearly sales;

(2) The initial application for licensure shall include a photograph, not to exceed eight inches by ten inches but no less than five inches by seven inches, showing the business building, lot, and sign. A new motor vehicle franchise dealer applicant who has purchased a currently licensed new motor vehicle franchised dealership shall be allowed to submit a photograph of the existing dealership building, lot and sign but shall be required to submit a new photograph upon the installation of the new dealership sign as required by sections 301.550 to 301.573. Applicants shall not be required to submit a photograph annually unless the business has moved from its previously licensed location, or unless the name of the business or address has changed, or unless the class of business has changed;

(3) Every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, trailer dealer, or boat dealer shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-103, RSMo, issued by any state or federal financial institution in the penal sum of twenty-five thousand dollars on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the dealer complying with the provisions of the statutes applicable to new motor vehicle franchise dealers, used motor vehicle dealers, powersport dealers, wholesale motor vehicle dealers, trailer dealers, and boat dealers, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the dealer's license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party. Additionally, every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, trailer dealer, or boat dealer shall furnish with the application a copy of a current dealer garage policy bearing the policy number and name of the insurer and the insured;

(4) Payment of all necessary license fees as established by the department. In establishing the amount of the annual license fees, the department shall, as near as possible, produce sufficient total income to offset operational expenses of the department relating to the administration of sections 301.550 to 301.573. All fees payable pursuant to the provisions of sections 301.550 to 301.573, other than those fees collected for the issuance of dealer plates or certificates of number collected pursuant to subsection 6 of this section, shall be collected by the department for deposit in the state treasury to the credit of the "Motor Vehicle Commission Fund", which is hereby created. The motor vehicle commission fund shall be administered by the Missouri department of revenue. The provisions of section 33.080, RSMo, to the contrary notwithstanding, money in such fund shall not be transferred and placed to the credit of the general revenue fund until the amount in the motor vehicle commission fund at the end of the biennium exceeds two times the amount of the appropriation from such fund for the preceding fiscal year or, if the department requires permit renewal less frequently than yearly, then three times the appropriation from such fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the multiple of the appropriation from such fund for the preceding fiscal year.

2. In the event a new vehicle manufacturer, boat manufacturer, motor vehicle dealer, wholesale motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle auction, trailer dealer, or a public motor vehicle auction submits an application for a license for a new business and the applicant has complied with all the provisions of this section, the department shall make a decision to grant or deny the license to the applicant within eight working hours after receipt of the dealer's application, notwithstanding any rule of the department.

3. Upon the initial issuance of a license by the department, the department shall assign a distinctive dealer license number or certificate of number to the applicant and the department shall issue one number plate or certificate bearing the distinctive dealer license number or certificate of number and two additional number plates or certificates of number within eight working hours after presentment of the application. Upon renewal, the department shall issue the distinctive dealer license number or certificate of number as quickly as possible. The issuance of such distinctive dealer license number or certificate of number shall be in lieu of registering each motor vehicle, trailer, vessel or vessel trailer dealt with by a boat dealer, boat manufacturer, manufacturer, public motor vehicle auction, wholesale motor vehicle dealer, wholesale motor vehicle auction or new or used motor vehicle dealer.

5. Upon the sale of a currently licensed new motor vehicle franchise dealership the department shall, upon request, authorize the new approved dealer applicant to retain the selling dealer's license number and shall cause the new dealer's records to indicate such transfer.

6. In the case of new motor vehicle manufacturers, motor vehicle dealers, powersport dealers, recreational motor vehicle dealers, and trailer dealers, the department shall issue one number plate bearing the distinctive dealer license number and may issue two additional number plates to the applicant upon payment by the manufacturer or dealer of a fifty dollar fee for the number plate bearing the distinctive dealer license number and ten dollars and fifty cents for each additional number plate. A motor vehicle dealer, trailer dealer, boat dealer, powersport dealer, recreational motor vehicle dealer, motor vehicle manufacturer, boat manufacturer, or wholesale motor vehicle dealer obtaining a distinctive dealer license plate or certificate of number or additional license plate or additional certificate of number, throughout the calendar year, shall be required to pay a fee for such license plates or certificates of number computed on the basis of one-twelfth of the full fee prescribed for the original and duplicate number plates or certificates of number for such dealers' licenses, multiplied by the number of months remaining in the licensing period for which the dealer or manufacturers shall be required to be licensed. Motor vehicle dealers may display their dealer plates on a tractor, truck or trailer to demonstrate a vehicle under a loaded condition. **3. The court shall determine appointment of a standby guardian in accordance with the best interests of the minor or incapacitated person after considering all relevant factors, including:**

**(1) Whether there is a parent other than the custodial parent and, if so, whether the other parent is willing, able, and fit to assume the duties of a parent;**

**(2) The suitability of a person nominated by the minor or incapacitated person if he or she is, at the time of hearing, able to communicate a reasonable choice; and**

**(3) The desirability of providing arrangements for the care, custody, and control of the minor or incapacitated person which shall minimize stress and disruption and avoid his or her placement in foster or similar care pending appointment of a guardian if the custodial parent is adjudicated incapacitated or dies.**

**4. If it appears to the court that a standby guardian should be appointed for a minor or incapacitated person, the court may appoint a standby guardian.**

**5. The authority of a person to act as standby guardian for a minor or incapacitated person shall only take effect as follows:**

**(c) The death of the custodial parent.**

**The person shall, within ten days after he or she begins to act as standby guardian, notify the court in writing of that fact and of the reasons therefor. The court may grant letters of standby**

guardianship to the person or, if the court deems it advisable, conduct a hearing to determine the propriety of the person having begun, and continuing, to act as standby guardian and the propriety of issuing letters of standby guardianship to the person.

6. A person acting as standby guardian of a minor or incapacitated person shall, within sixty days after he or she begins to act, petition the court for appointment of the standby guardian or some other qualified person as guardian of the minor or incapacitated person. Proceedings on the petition shall be conducted in the same manner as would be applicable in a case for appointment of a successor guardian under section 475.115.

7. Nothing in this section shall be construed to:

(1) Deprive a parent of his or her legal rights with respect to a minor or incapacitated person who is a child of that parent, including court ordered visitation with the child, nor to authorize a grant of authority to a standby guardian which would supersede any such rights; or

(2) Relieve a parent of his or her legal obligations or duties to a minor or incapacitated person who is a child of that parent, including a duty to support the child in accordance with a court or administrative order.

8. Except to the extent determined by the court to be inconsistent with the provisions of this section or as expressly provided in this section, the laws applicable to guardianship proceedings shall apply to all proceedings under this section.

SENATE AMENDMENT NO. 6

Amend Senate Substitute for House Committee Substitute for House Bill No. 154, Page 4, Section 210.565, Line 16, by inserting after all of said line the following:

**“7. The guardian ad litem shall ascertain the child's wishes and feelings about his or her placement by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered as a factor in placement decisions and recommendations, but shall not supersede the preference for relative placement created by this section or be contrary to the child's best interests.**

453.030. 1. In all cases the approval of the court of the adoption shall be required and such approval shall be given or withheld as the welfare of the person sought to be adopted may, in the opinion of the court, demand.

2. The written consent of the person to be adopted shall be required in all cases where the person sought to be adopted is fourteen years of age or older, except where the court finds that such child has not sufficient mental capacity to give the same. **In a case involving a child under fourteen years of age, the guardian ad litem shall ascertain the child's wishes and feelings about his or her adoption by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered by the court as a factor in determining if the adoption is in the child's best interests.**

3. With the exceptions specifically enumerated in section 453.040, when the person sought to be adopted is under the age of eighteen years, the written consent of the following persons shall be required and filed in and made a part of the files and record of the proceeding:

(1) The mother of the child; and

(2) Only the man who:

(a) Is presumed to be the father pursuant to the subdivision (1), (2), or (3) of subsection 1 of section 210.822, RSMo; or

(b) Has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child and has served a copy of the petition on the mother in accordance with section 506.100, RSMo; or

(c) Filed with the putative father registry pursuant to section 192.016, RSMo, a notice of intent to claim paternity or an acknowledgment of paternity either prior to or within fifteen days after the child's birth, and has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child; or

(3) The child's current adoptive parents or other legally recognized mother and father.

Upon request by the petitioner and within one business day of such request, the clerk of the local court shall verify whether such written consents have been filed with the court.

4. The written consent required in subdivisions (2) and (3) of subsection 3 of this section may be executed before or after the commencement of the adoption proceedings, and shall be acknowledged before

a notary public. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons whose signatures and addresses shall be plainly written thereon. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding. The notary public or witnesses shall verify the identity of the party signing the consent.

5. The written consent required in subdivision (1) of subsection 3 of this section by the birth parent shall not be executed anytime before the child is forty-eight hours old. Such written consent shall be executed in front of a judge or a notary public. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons who are present at the execution whose signatures and addresses shall be plainly written thereon and who determine and certify that the consent is knowingly and freely given. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding. The notary public or witnesses shall verify the identity of the party signing the consent.

6. The written consents shall be reviewed and, if found to be in compliance with this section, approved by the court within three business days of such consents being presented to the court. Upon review, in lieu of approving the consent within three business days, the court may set a date for a prompt evidentiary hearing upon notice to the parties. Failure to review and approve the written consent within three business days shall not void the consent, but a party may seek a writ of mandamus from the appropriate court, unless an evidentiary hearing has been set by the court pursuant to this subsection.

7. The written consent required in subsection 3 of this section may be withdrawn anytime until it has been reviewed and accepted by a judge.

8. A consent form shall be developed through rules and regulations promulgated by the department of social services. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. If a written consent is obtained after August 28, 1997, but prior to the development of a consent form by the department and the written consent complies with the provisions of subsection 9 of this section, such written consent shall be deemed valid.

9. However, the consent form must specify that:

(1) The birth parent understands the importance of identifying all possible fathers of the child and may provide the names of all such persons; and

(2) The birth parent understands that if he denies paternity, but consents to the adoption, he waives any future interest in the child.

10. The written consent to adoption required by subsection 3 and executed through procedures set forth in subsection 5 of this section shall be valid and effective even though the parent consenting was under eighteen years of age, if such parent was represented by a guardian ad litem, at the time of the execution thereof.

11. Where the person sought to be adopted is eighteen years of age or older, his written consent alone to his adoption shall be sufficient.

12. A birth parent, including a birth parent less than eighteen years of age, shall have the right to legal representation and payment of any reasonable legal fees incurred throughout the adoption process. In addition, the court may appoint an attorney to represent a birth parent if:

(1) A birth parent requests representation;

(2) The court finds that hiring an attorney to represent such birth parent would cause a financial hardship for the birth parent; and

(3) The birth parent is not already represented by counsel.

13. Except in cases where the court determines that the adoptive parents are unable to pay reasonable attorney fees and appoints pro bono counsel for the birth parents, the court shall order the costs of the attorney fees incurred pursuant to subsection 12 of this section to be paid by the prospective adoptive parents or the child-placing agency.”; and

SENATE AMENDMENT NO. 2

Amend Senate Substitute for House Bill No. 259, Page 1, Section A, Line 3, by inserting immediately after said line the following:

**“191.1005. 1. For purposes of this section, “insurer” includes the state of Missouri for purposes of the rendering of health care services by providers under a medical assistance program of the state.**

**2. Programs of insurers that publicly assess and compare the quality and cost efficiency of health care providers shall conform to the following criteria:**

**(1) The insurers shall retain, at their own expense, the services of a nationally-recognized independent health care quality standard-setting organization to review the plan's programs for consumers that measure, report, and tier providers based on their performance. Such review shall include a comparison to national standards and a report detailing the measures and methodologies used by the health plan. The scope of the review shall encompass all elements described in this section and section 191.1008;**

**(2) The program measures shall provide performance information that reflects consumers' health needs. Programs shall clearly describe the extent to which they encompass particular areas of care, including primary care and other areas of specialty care;**

**(3) Performance reporting for consumers shall include both quality and cost efficiency information. While quality information may be reported in the absence of cost-efficiency, cost-efficiency information shall not be reported without accompanying quality information;**

**(4) When any individual measures or groups of measures are combined, the individual scores, proportionate weighting, and any other formula used to develop composite scores shall be disclosed. Such disclosure shall be done both when quality measures are combined and when quality and cost efficiency are combined;**

**(5) Consumers or consumer organizations shall be solicited to provide input on the program, including methods used to determine performance strata;**

**(6) A clearly defined process for receiving and resolving consumer complaints shall be a component of any program;**

**(7) Performance information presented to consumers shall include context, discussion of data limitations, and guidance on how to consider other factors in choosing a provider;**

**(8) Relevant providers and provider organizations shall be solicited to provide input on the program, including the methods used to determine performance strata;**

**(9) Providers shall be given reasonable prior notice before their individual performance information is publicly released;**

**(10) A clearly defined process for providers to request review of their own performance results and the opportunity to present information that supports what they believe to be inaccurate results, within a reasonable time frame, shall be a component of any program. Results determined to be inaccurate after the reconsideration process shall be corrected;**

**(11) Information about the comparative performance of providers shall be accessible and understandable to consumers and providers;**

**(12) Information about factors that might limit the usefulness of results shall be publicly disclosed;**

**(13) Measures used to assess provider performance and the methodology used to calculate scores or determine rankings shall be published and made readily available to the public. Some elements shall be assessed against national standards. Examples of measurement elements that shall be assessed against national standards include: risk and severity adjustment, minimum observations, and statistical standards utilized. Examples of other measurement elements that shall be fully disclosed include: data used, how providers' patients are identified, measure specifications and methodologies, known limitations of the data, and how episodes are defined;**

**(14) The rationale and methodologies supporting the unit of analysis reported shall be clearly articulated, including a group practice model versus the individual provider;**

**(15) Sponsors of provider measurement and reporting shall work collaboratively to aggregate data whenever feasible to enhance its consistency, accuracy, and use. Sponsors of provider measurement and reporting shall also work collaboratively to align and harmonize measures used to promote consistency and reduce the burden of collection. The nature and scope of such efforts shall be publicly reported;**

**(16) The program shall be regularly evaluated to assess its effectiveness and any unintended consequences;**

**(17) Measures shall be based on national standards. The primary source shall be measures endorsed by the National Quality Forum (NQF). When non-NQF measures are used because NQF measures do not exist or are unduly burdensome, it shall be with the understanding that they will be replaced by comparable NQF-endorsed measures when available;**

**(18) Where NQF-endorsed measures do not exist, the next level of measures to be considered, to the extent practical, shall be those endorsed by the Ambulatory Care Quality Alliance, national accrediting organizations such as the National Committee for Quality Assurance, or the Joint Commission on the Accreditation of Healthcare Organizations and federal agencies;**

**(19) Supplemental measures are permitted if they address areas of measurement for which national standards do not yet exist or for which existing national standard measure requirements are unreasonably burdensome on providers or program sponsors. Supplemental measures may be used if they are part of a pilot program to assess the extent to which the measures could fill national gaps in measurement. When supplemental measures are used they shall reasonably adhere to the NQF measure criteria, including importance, scientific acceptability, feasibility and usability, and may include sources such as provider specialty society guidelines. The director of the department of insurance, financial institutions and professional registration shall be authorized to adopt by administrative rule any updates or modifications to the most recent version of the Patient Charter for Physician Performance, Measurement, Reporting and Tiering Programs.**

**3. The use by insurers of programs to publicly assess and compare the quality and cost efficiency of health care providers under subsection 2 of this section shall not be a basis for a provider to decline to enter into a provider contract with an insurer. A provider shall not withhold or otherwise obstruct an insurer from using data collected from medical claims or other sources generated by the provider and in possession of the insurer for the purpose of providing plan enrollees, providers, or the public**

information on the quality and cost efficiency differences in treatments and providers as long as the data is not used in a manner that violates any provisions of the federal Health Insurance Portability and Accountability Act or antitrust law.

**191.1008. 1.** Any person who sells or otherwise distributes to the public health care quality and cost efficiency data for disclosure in comparative format to the public shall identify the measure source or evidence-based science behind the measure and the national consensus, multi-stakeholder, or other peer review process, if any, used to confirm the validity of the data and its analysis as an objective indicator of health care quality.

**2.** Articles or research studies on the topic of health care quality or cost efficiency that are published in peer-reviewed academic journals that do not receive funding from or is affiliated with a health care insurer or by state or local government shall be exempt from the requirements of subsection 1 of this section.

**3. (1)** Upon receipt of a complaint of an alleged violation of this section by a person or entity other than a health carrier, the department of health and senior services shall investigate the complaint and, upon finding that a violation has occurred, shall be authorized to impose a penalty in an amount not to exceed one thousand dollars. The department shall promulgate rules governing its processes for conducting such investigations and levying fines authorized by law.

**(2)** Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

**191.1010.** All alleged violations of sections 191.1005 to 191.1008 by a health insurer shall be investigated and enforced by the department of insurance, financial institutions and professional registration under the department's powers and responsibilities to enforce the insurance laws of this state in accordance with chapter 374, RSMo.

**191.1200. 1.** The general assembly shall appropriate four hundred thousand dollars from the health care technology fund created in section 208.975, RSMo, to the department of social services for the purpose of awarding a grant to implement an Internet web-based primary care access pilot project designed as a collaboration between private and public sectors to connect, where appropriate, a patient with a primary care medical home, and schedule patients into available community-based appointments as an alternative to nonemergency use of the hospital emergency room. The grantee shall establish a program that diverts patients presenting at an emergency room for nonemergency care to more appropriate outpatient settings as is consistent with federal law and regulations. The program shall refer the patient to an appropriate health care professional based on the patient's health care needs and situation. The program shall provide the patient with a scheduled appointment that is timely, with an appropriate provider who is conveniently located. If the patient is uninsured and potentially eligible for MO HealthNet, the program shall connect the patient to a primary care provider, community clinic, or agency that can assist the patient with the application process. The program shall also ensure that discharged patients are connected with a community-based primary care provider and assist in scheduling any necessary follow-up visits before the patient is discharged.

**2. The program shall not require a provider to pay a fee for accepting charity care patients in a Missouri public health care program.**

**3. The grantee shall report to the director on a quarterly basis the following information:**

- (1) The total number of appointments available for scheduling by specialty;**
- (2) The average length of time between scheduling and actual appointment;**
- (3) The total number of patients referred and whether the patient was insured or uninsured; and**
- (4) The total number of appointments resulting in visits completed and number of patients continuing services with the referring clinic.**

**4. The director, in consultation with the Missouri Hospital Association, or a successor organization, shall conduct an evaluation of the emergency room diversion pilot project and submit the results to the general assembly by January 15, 2009. The evaluation shall compare the number of nonemergency visits and repeat visits to hospital emergency rooms for the period before the commencement of the project and one year after the commencement, and an estimate of the costs saved from any documented reductions.**

**191.1250. As used in sections 191.1250 to 191.1277, the following terms shall mean:**

**(1) “Chronic condition”, any regularly recurring, potentially life-threatening medical condition that requires regular supervision by a primary care physician and/or medical specialist;**

**(2) “Department”, the department of health and senior services;**

**(3) “EMR” or “electronic medical record”, refers to a patient's medical history that is stored in real-time using information technology and which can be amended, updated, or supplemented by the patient or the physician using the electronic medical record;**

**(4) “HIPAA”, the federal Health Insurance Portability and Accountability Act of 1996;**

**(5) “Originating site”, a place where a patient may receive health care via telehealth. An originating site may include:**

**(a) A licensed inpatient center;**

**(b) An ambulatory surgical center;**

**(c) Any practice location, office, or clinic of a licensed health care professional;**

**(d) A skilled nursing facility;**

**(e) A residential treatment facility;**

**(f) A home health agency;**

**(g) A diagnostic laboratory or imaging center;**

**(h) An assisted living facility;**

**(i) A school-based health program;**

**(j) A mobile clinic;**

**(k) A mental health clinic;**

**(l) A rehabilitation or other therapeutic health setting;**

**(m) The patient's residence;**

**(n) The patient's place of employment; or**

**(o) The patient's then-current location if the patient is away from the patient's residence or place of employment;**

**(6) “Telehealth”, the use of telephonic and other electronic means of communications to provide and support health care delivery, diagnosis, consultation, and treatment when distance separates the patient and the health care provider;**

**(7) “Telehealth practitioner”, a person who is a licensed health care professional and who utilizes telehealth to diagnose, consult with, or treat patients without having conducted an in-person consultation with a particular patient.**

**191.1256. Sections 191.1250 to 191.1277 do not:**

**(1) Alter the scope of practice of any health care practitioner; or**

**(2) Limit a patient's right to choose in-person contact with a health care professional for the delivery of health care services for which telehealth is available.**

**191.1259. The delivery of health care via telehealth is recognized and encouraged as a safe, practical and necessary practice in this state. No health care provider or operator of an originating site shall be disciplined for or discouraged from participating in sections 191.1250 to 191.1277. In using telehealth procedures, health care providers and operators of originating sites shall comply with all applicable federal and state guidelines and shall follow established federal and state rules regarding security, confidentiality and privacy protections for health care information.**

**191.1265. Only telehealth practitioners qualified under sections 191.1250 to 191.1277 may practice telehealth care in this state. Telehealth practitioners may reside outside this state but shall be licensed by an appropriate board within the division of professional registration. Beginning July 1, 2010, all health carriers, as defined under section 376.1350, RSMo, shall reimburse services provided through telehealth in the same manner they would reimburse a standard office visit or consultation by the provider or specialist. The department of social services shall promulgate rules for the MO HealthNet program consistent with the provisions of this section.**

**191.1271. By January 1, 2010, the department shall promulgate quality control rules and regulations to be used in removing and improving the services of telehealth practitioners. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.”; and**

**(12) Details of the budgeted expenditures, including estimated expenditures for real physical improvements, estimated land acquisition expenses, estimated expenses for professional services and estimated interest charges.**

5. (1) As an alternative to the methods described in subsections 1 and 2 of this section, if two or more local transportation authorities have adopted resolutions calling for the joint establishment of a district, the governing body of any one such local transportation authority may file a petition in the circuit court of any county in which the proposed project is located requesting the creation of a district; or, if not less than fifty registered voters from each of two or more counties sign a petition calling for the joint establishment of a district for the purpose of developing a project that lies in whole or in part within those same counties, the petition may be filed in the circuit court of any of those counties in which not less than fifty registered voters have signed the petition.

Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless:

☐ NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation

development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) The sales tax authorized by this section shall become effective on the first day of the month following adoption of the tax by the qualified voters.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285, RSMo.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, RSMo, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the [transportation development district] **director of revenue** shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, **and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section.** The tax

imposed pursuant to this section **and the taxes imposed pursuant to all other laws of the state of Missouri** shall be collected **together** and reported upon such forms and [under] **pursuant to** such administrative rules and regulations as may be prescribed by the [transportation development district] **director of revenue**.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes [collected] **received** by the transportation development district shall be deposited by the [transportation development district] **director of revenue** in a special fund to be expended for the purposes authorized in this section. The [transportation development district] **director of revenue** shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation

development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.”; and

Such notification may be accomplished by legal notice published in at least one newspaper of general circulation in the political subdivision or special district **or by publishing such notification on the web site of the political subdivision or special district, if one exists, and printing the information in the newsletter sent to the residents of the political subdivision or special district, if one exists.**

6. 2. Such proposition shall be submitted to the voters of the business district in substantially the following form at such election:

☐ YES

☐ NO

3. In the event that a majority of the voters voting on such proposition in such district approve such proposition, then such tax shall be in full force and effect as of the first day of the calendar quarter following the calendar quarter in which the election was held. The results of an election held under this section shall be certified by the election officials of the county to the board not more than thirty days after the day on which such election was held. The district shall be liable for its share of the costs of the election pursuant to section 115.065, RSMo.

5. The revenues received from the tax authorized in this section shall be used by the advisory board for advertising and promotion of tourism. The board members of each lodging category, as described in subsection 1 of section 67.1175, shall have sole authority for the expenditure of funds collected from that category, and tourism-related projects that may be identified as beneficial to any of the three lodging categories established in subsection 1 of section 67.1175 shall be eligible for funding, based on the proportionate share of revenues collected from that category. This shall include, but not be limited to, attending sports and travel shows, printing a vacation guide, soliciting convention business, constructing or purchasing convention facilities and visitor centers, and securing commercial air service into the area, which may include the subsidizing of airline seats. 6. The tax to be collected by the county collector shall be remitted to the advisory board of the district not later than thirty days following the end of any calendar quarter. The county commission shall adopt rules and regulations for the collection and administration of the tax. The county collector shall retain on behalf of the county two percent for cost of collection.

**(2) On or after August 28, 2009, the board shall enter into an agreement with the director of the department of revenue for the purpose of collecting any tax authorized under this section that accrues**

on or after August 28, 2009, or any later date specified in the agreement. The director shall perform all functions incident to the administration, collection, enforcement, and operation of the tax. The tax shall be collected and reported upon such forms and under such administrative rules as may be prescribed by the director, and the director shall retain not less than one percent nor more than three percent for the cost of collection. Any agreement entered into under this subdivision shall supersede any prior agreement entered into under subdivision (1) of this subsection.”; and

**SENATE AMENDMENT NO. 1**

Amend House Bill No. 644, Page 1, In the Title, Line 3, by striking “salvage” and inserting in lieu thereof the following: “registration and licensing of motor”; and

Further amend said bill and page, section A, line 3, by inserting immediately after said line the following:

“301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, RSMo, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. **When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.**

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, RSMo, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536, RSMo, indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words “Reconstructed Motor Vehicle”, “Motor Change Vehicle”, “Specially Constructed Motor Vehicle”, or “Non-USA-Std Motor Vehicle”, as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: “Annual odometer updates may be available from the department of revenue.”. On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied

by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307, RSMo, and the emissions inspection required under chapter 643, RSMo, shall be completed and the fees required by section 307.365, RSMo, and section 643.315, RSMo, shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, RSMo. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365, RSMo, for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365, RSMo. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307, RSMo, and the emissions inspection required under chapter 643, RSMo, shall be completed and only the fees required by section 307.365, RSMo, and section 643.315, RSMo, shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been

appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles. The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol."; and

Further amend said bill, page 2, section 301.218, line 38, by inserting immediately after said line the following:

"306.410. **1.** If an owner creates a lien or encumbrance on an outboard motor, motorboat, vessel, or watercraft:

(1) The owner shall immediately execute the application, either in the space provided therefor on the certificate of title or on a separate form the director of revenue prescribes, to name the lienholder on the certificate of title, showing the name and address of the lienholder and the date of his or her security agreement, and shall cause the certificate of title, the application and the required fee to be mailed or delivered to the director of revenue. Failure of the owner to do so is a class A misdemeanor;

(2) The lienholder or an authorized agent licensed pursuant to sections 301.112 to 301.119, RSMo, shall deliver to the director of revenue a notice of lien as prescribed by the director accompanied by all other necessary documentation to perfect a lien pursuant to section 306.400;

(3) To perfect a lien for a subordinate lienholder when a transfer of ownership occurs, the subordinate lienholder shall either mail or deliver, or cause to be mailed or delivered, a completed notice of lien to the department of revenue, accompanied by authorization from the first lienholder. The owner shall ensure the subordinate lienholder is recorded on the application for title at the time the application is made to the

department of revenue. To perfect a lien for a subordinate lienholder when there is no transfer of ownership, the owner or lienholder in possession of the certificate shall either mail or deliver, or cause to be mailed or delivered, the owner's application for title, certificate, notice of lien, authorization from the first lienholder and title fee to the department of revenue. The delivery of the certificate and executing a notice of authorization to add a subordinate lien does not affect the rights of the first lienholder under the security agreement;

(4) Upon receipt of the documents and fee required in subdivision (3) of this section, the director of revenue shall issue a new certificate of title containing the name and address of the new lienholder, and mail the certificate of title to the owner named in it or if a lienholder has elected to have the director of revenue retain possession of an electronic certificate of title, the lienholder shall either mail or deliver to the director a notice of authorization for the director to add a subordinate lienholder to the existing certificate as prescribed in section 306.405. Upon receipt of such authorization and a notice of lien from a subordinate lienholder, the director shall add the subordinate lienholder to the certificate of title being electronically retained by the director and provide confirmation of the addition to both lienholders.

Every person expending labor, services, skill or material upon any motor vehicle or trailer, as defined in chapter 301, RSMo, vessel, as defined in chapter 306, RSMo, outboard motor or aircraft at a written request of its owner, authorized agent of the owner, or person in lawful possession thereof, or who provides storage for a motor vehicle, trailer, outboard motor or vessel, at the written request of its owner, authorized agent of the owner, or person in lawful possession thereof, or at the written request of a peace officer in lieu of the owner or owner's agent, where such owner or agent is not available to request storage thereof, shall, where the maximum amount to be charged for labor, services, skill or material has been stated as part of the written request or the daily charge for storage has been stated as part of the written request, have a lien upon the chattel beginning upon the date of commencement of the expenditure of labor, services, skill, materials or storage for the actual value of all the expenditure of labor, services, skill, materials or storage until the possession of that chattel is voluntarily relinquished to the owner, authorized agent, or one entitled to possession thereof. The person furnishing labor, services, skill or material may retain the lien after surrendering possession of the aircraft or part or equipment thereof by filing a statement in the office of the county recorder of the county where the owner of the aircraft or part or equipment thereof resides, if known to the claimant, and in the office of the county recorder of the county where the claimant performed the services. Such statement shall be filed within thirty days after surrendering possession of the aircraft or part or equipment thereof and shall state the claimant's name and address, the items on account, the name of the owner and a description of the property, and shall not bind a bona fide purchaser unless the lien has also been filed with the Federal Aviation Administration Aircraft Registry.

[Forty-five] **Thirty** days after the notification has been mailed and the chattel is unredeemed, **or the notice has been returned marked “not fowardable” or “addressee unknown”**, and no satisfactory arrangement has been made with the lienholder for payment or continued storage, the lienholder may apply to the director of revenue for a certificate of ownership or certificate of title as provided in this section.

(3) A statement of the actual value of the expenditure of labor, services, skill or material, or the amount of storage due on the date of application for a certificate of ownership or certificate of title, and the amount which is unpaid; and

(4) A fee of ten dollars.

5. If the director is satisfied with the genuineness of the application, **proof of lienholder notification in the form of a certified mail receipt**, and supporting documents, [the director shall notify by certified mail, postage prepaid, the owner and any lienholders of record, other than the applicant, at their last known address that application has been made for a lien title on the chattel.

6. Thirty days after notification of the owner and lienholders,] **and** if no lienholder or the owner has redeemed the chattel or no satisfactory arrangement has been made concerning payment or continuation of storage [and the application has not been withdrawn], and if no owner or lienholder has informed the director that the owner or lienholder demands a hearing [and enforcement of the lien] as provided in [section 430.160] **this section**, the director shall issue, in the same manner as a repossessed title is issued, a certificate of ownership or certificate of title to the applicant which shall clearly be captioned “Lien Title”.

[7.] **6.** Upon receipt of a lien title, the holder shall within ten days begin proceedings to sell the chattel as prescribed in section 430.100.

[8.] **7.** The provisions of section 430.110 shall apply to the disposition of proceeds, and the lienholder shall also be entitled to any actual and necessary expenses incurred in obtaining the lien title, including, but not limited to, court costs and reasonable attorney's fees.

700.320. 1. The owner of any new or used manufactured home, as defined in section 700.010, shall make application to the director of revenue for an official certificate of title to such manufactured home in the manner prescribed by law for the acquisition of certificates of title to motor vehicles, and the rules promulgated pursuant thereto. All fees required by section 301.190, RSMo, for the titling of motor vehicles and all penalties provided by law for the failure to title motor vehicles shall apply to persons required to make application for an official certificate of title by this subsection. In case there is any duplication in serial numbers assigned any manufactured homes, or no serial number has been assigned by the manufacturer, the director shall assign the serial numbers for the manufactured homes involved.

2. At the time the owner of any new manufactured home, as defined in section 700.010, which was acquired in a transaction subject to sales tax under the Missouri sales tax law makes application to the director of revenue for an official certificate of title for such manufactured home, he shall present to the director of revenue evidence satisfactory to the director of revenue showing the purchase price exclusive of any charge incident to the extension of credit paid by or charged to the applicant in the acquisition of the manufactured home, or that no sales tax was incurred in its acquisition, and if sales tax was incurred in its acquisition, the applicant shall pay or cause to be paid to the director of revenue the sales tax provided by the Missouri sales tax law in addition to the registration fees now or hereafter required according to law, and the director of revenue shall not issue a certificate of title for any new manufactured home subject to sales tax as provided in the Missouri sales tax law until the tax levied for the sale of the same under sections 144.010 to 144.510, RSMo, has been paid as provided in this section. As used in this subsection, the term “purchase price” shall mean the total amount of the contract price agreed upon between the seller and the applicant in the acquisition of the new manufactured home regardless of the medium of payment therefor. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisal by the director. The director of the department of revenue shall endorse upon the official certificate of title issued by him upon such application an entry showing that such sales tax has been paid or that the manufactured home represented by the certificate is exempt from sales tax and state the ground for such exemption.

3. A certificate of title for a manufactured home issued in the names of two or more persons that does not show on the face of the certificate that the persons hold their interest in the manufactured home as tenants in common, on death of one of the named persons, may be transferred to the surviving owner or owners. On proof of death of one of the persons in whose names the certificate was issued, surrender of the outstanding certificate of title, and on application and payment of the fee for an original certificate of title, the director of revenue shall issue a new certificate of title for the manufactured home to the surviving owner or owners; and the current valid certificate of number shall be so transferred.

4. Upon being presented proof of death of one of the persons in whose names the certificate of title was issued, surrender of the outstanding certificate of title, and on application and payment of the fee for an original certificate of title, the director of revenue shall issue a new certificate of title for the manufactured home to the surviving owners and personal representative or successors of the deceased owner; and the current valid certificate of number shall be so transferred.

**5. When an owner wants to add or delete a name or names on an application for certificate of title**

# Journal of the Senate

## FIRST REGULAR SESSION

---

**FIFTY-EIGHTH DAY—THURSDAY, APRIL 23, 2009**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Owe no one anything, except to love one another; for the one who loves another has fulfilled the law.” (Romans 13:8)

Help us to finish our work today in good fashion and to leave here satisfied with how we have managed ourselves as Your servants. Bless us with safe travel so we may lovingly return to those You have given us to love and express that love in that which is good and necessary for us to do. And make us mindful of the sacrifices others make on our behalf so we are free to do the work You have given us to do. In Your Holy Name we pray. Amen.

10. The department shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

11. The department shall regularly report to the rice advisory council any findings of rice varieties that could potentially have characteristics of commercial impact.

12. If the rice advisory council determines that any rice variety with characteristics of commercial impact is documented as causing unreasonable adverse effects on the environment or public health, the council may issue recommendations to the department. Within sixty days of receiving any such recommendations from the council, the department shall hold a public hearing for the purpose of determining the nature and extent of commercial impact. Within thirty days of holding any such public hearing, the department shall issue a detailed opinion in response to the council recommendations.

13. The penalty for violating a provision of this section shall be no less than ten thousand dollars nor more than one hundred thousand dollars per day per violation.

14. If the department determines a person has violated any provision of this section, the department shall provide written notice to such person informing the person of the violation. - (7) The annual tax on gross receipts of express companies in chapter 153, RSMo.

**2. For proposals approved pursuant to section 32.110:**

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department

of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460, RSMo. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125. **To the extent that as of the last day of April in any year, less than thirty million dollars in tax credits have been issued under the provisions of this section, such remaining unissued tax credits shall be made available for allocation pursuant to the provisions of section 135.704, RSMo;**

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in

affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530, RSMo, by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten

succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

135.484. 1. Beginning January 1, 2000, tax credits shall be allowed pursuant to section 135.481 in an amount not to exceed sixteen million dollars per year. Of this total amount of tax credits in any given year, eight million dollars shall be set aside for projects in areas described in subdivision (6) of section 135.478 and eight million dollars for projects in areas described in subdivision (10) of section 135.478. The maximum tax credit for a project consisting of multiple-unit qualifying residences in a distressed community shall not exceed three million dollars. **To the extent that as of the first day of December in any year, less than sixteen million dollars in tax credits have been issued under the provisions of this section, such remaining unissued tax credits shall be made available for allocation under the provisions of section 135.704.**

2. Any amount of credit which exceeds the tax liability of a taxpayer for the tax year in which the credit is first claimed may be carried back to any of the taxpayer's three prior tax years and carried forward to any of the taxpayer's five subsequent tax years. A certificate of tax credit issued to a taxpayer by the department may be assigned, transferred, sold or otherwise conveyed. Whenever a certificate of tax credit is assigned, transferred, sold or otherwise conveyed, a notarized endorsement shall be filed with the department specifying the name and address of the new owner of the tax credit and the value of the credit.

3. The tax credits allowed pursuant to sections 135.475 to 135.487 may not be claimed in addition to any other state tax credits, with the exception of the historic structures rehabilitation tax credit authorized pursuant to sections 253.545 to 253.559, RSMo, which insofar as sections 135.475 to 135.487 are concerned may be claimed only in conjunction with the tax credit allowed pursuant to subsection 4 of section 135.481. In order for a taxpayer eligible for the historic structures rehabilitation tax credit to claim the tax credit allowed pursuant to subsection 4 of section 135.481, the taxpayer must comply with the requirements of sections 253.545 to 253.559, RSMo, and in such cases, the amount of the tax credit pursuant to subsection 4 of section 135.481 shall be limited to the lesser of twenty percent of the taxpayer's eligible costs or forty thousand dollars.

135.535. 1. A corporation, limited liability corporation, partnership or sole proprietorship, which moves its operations from outside Missouri or outside a distressed community into a distressed community, or which commences operations in a distressed community on or after January 1, 1999, and in either case has more than seventy-five percent of its employees at the facility in the distressed community, and which has fewer than one hundred employees for whom payroll taxes are paid, and which is a manufacturing, biomedical, medical devices, scientific research, animal research, computer software design or development, computer programming, including Internet, web hosting, and other information technology, wireless or wired or other telecommunications or a professional firm shall receive a forty percent credit against income taxes owed pursuant to chapter 143, 147 or 148, RSMo, other than taxes withheld pursuant to sections 143.191 to 143.265, RSMo, for each of the three years after such move, if approved by the department of economic development, which shall issue a certificate of eligibility if the department determines that the taxpayer is eligible for such credit. The maximum amount of credits per taxpayer set forth in this subsection

shall not exceed one hundred twenty-five thousand dollars for each of the three years for which the credit is claimed. The department of economic development, by means of rule or regulation promulgated pursuant to the provisions of chapter 536, RSMo, shall assign appropriate North American Industry Classification System numbers to the companies which are eligible for the tax credits provided for in this section. Such three-year credits shall be awarded only one time to any company which moves its operations from outside of Missouri or outside of a distressed community into a distressed community or to a company which commences operations within a distressed community. A taxpayer shall file an application for certification of the tax credits for the first year in which credits are claimed and for each of the two succeeding taxable years for which credits are claimed.

2. Employees of such facilities physically working and earning wages for that work within a distressed community whose employers have been approved for tax credits pursuant to subsection 1 of this section by the department of economic development for whom payroll taxes are paid shall also be eligible to receive a tax credit against individual income tax, imposed pursuant to chapter 143, RSMo, equal to one and one-half percent of their gross salary paid at such facility earned for each of the three years that the facility receives the tax credit provided by this section, so long as they were qualified employees of such entity. The employer shall calculate the amount of such credit and shall report the amount to the employee and the department of revenue.

3. A tax credit against income taxes owed pursuant to chapter 143, 147 or 148, RSMo, other than the taxes withheld pursuant to sections 143.191 to 143.265, RSMo, in lieu of the credit against income taxes as provided in subsection 1 of this section, may be taken by such an entity in a distressed community in an amount of forty percent of the amount of funds expended for computer equipment and its maintenance, medical laboratories and equipment, research laboratory equipment, manufacturing equipment, fiber optic equipment, high speed telecommunications, wiring or software development expense up to a maximum of seventy-five thousand dollars in tax credits for such equipment or expense per year per entity and for each of three years after commencement in or moving operations into a distressed community.

4. A corporation, partnership or sole partnership, which has no more than one hundred employees for whom payroll taxes are paid, which is already located in a distressed community and which expends funds for such equipment pursuant to subsection 3 of this section in an amount exceeding its average of the prior two years for such equipment, shall be eligible to receive a tax credit against income taxes owed pursuant to chapters 143, 147 and 148, RSMo, in an amount equal to the lesser of seventy-five thousand dollars or twenty-five percent of the funds expended for such additional equipment per such entity. Tax credits allowed pursuant to this subsection or subsection 1 of this section may be carried back to any of the three prior tax years and carried forward to any of the **next** five tax years.

5. An existing corporation, partnership or sole proprietorship that is located within a distressed community and that relocates employees from another facility outside of the distressed community to its facility within the distressed community, and an existing business located within a distressed community that hires new employees for that facility may both be eligible for the tax credits allowed by subsections 1 and 3 of this section. To be eligible for such tax credits, such a business, during one of its tax years, shall employ within a distressed community at least twice as many employees as were employed at the beginning of that tax year. A business hiring employees shall have no more than one hundred employees before the addition of the new employees. This subsection shall only apply to a business which is a manufacturing, biomedical, medical devices, scientific research, animal research, computer software design or development, computer programming or telecommunications business, or a professional firm.

6. Tax credits shall be approved for applicants meeting the requirements of this section in the order that such applications are received. Certificates of tax credits issued in accordance with this section may be transferred, sold or assigned by notarized endorsement which names the transferee.

7. The tax credits allowed pursuant to subsections 1, 2, 3, 4 and 5 of this section shall be for an amount of no more than ten million dollars for each year beginning in 1999. To the extent there are available tax credits remaining under the ten million dollar cap provided in this section, [up to one hundred thousand dollars in the] **such** remaining credits shall first be used for tax credits authorized under section 135.562. **To the extent that as of the first day of December in any year, less than ten million dollars in tax credits have been issued under the provisions of this section, such remaining unissued tax credits shall be made available for allocation under the provisions of section 135.704.** The total maximum credit for all entities already located in distressed communities and claiming credits pursuant to subsection 4 of this section shall be seven hundred and fifty thousand dollars. The department of economic development in approving taxpayers for the credit as provided for in subsection 6 of this section shall use information provided by the department of revenue regarding taxes paid in the previous year, or projected taxes for those entities newly established in the state, as the method of determining when this maximum will be reached and shall maintain a record of the order of approval. Any tax credit not used in the period for which the credit was approved may be carried over until the full credit has been allowed.

8. A Missouri employer relocating into a distressed community and having employees covered by a collective bargaining agreement at the facility from which it is relocating shall not be eligible for the credits in subsection 1, 3, 4 or 5 of this section, and its employees shall not be eligible for the credit in subsection 2 of this section if the relocation violates or terminates a collective bargaining agreement covering employees at the facility, unless the affected collective bargaining unit concurs with the move.

9. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits allowed in this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions, and refund otherwise allowed in sections 135.200, 135.220, 135.225 and 135.245, respectively, for the same business for the same tax period.

135.680. 1. As used in this section, the following terms shall mean:

(1) “Adjusted purchase price”, the product of:

(a) The amount paid to the issuer of a qualified equity investment for such qualified equity investment; and

(b) The following fraction:

a. The numerator shall be the dollar amount of qualified low-income community investments held by the issuer in this state as of the credit allowance date during the applicable tax year; and

b. The denominator shall be the total dollar amount of qualified low-income community investments held by the issuer in all states as of the credit allowance date during the applicable tax year;

c. For purposes of calculating the amount of qualified low-income community investments held by an issuer, an investment shall be considered held by an issuer even if the investment has been sold or repaid; provided that the issuer reinvests an amount equal to the capital returned to or recovered by the issuer from the original investment, exclusive of any profits realized, in another qualified low-income community investment within twelve months of the receipt of such capital. An issuer shall not be required to reinvest

capital returned from qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment shall be considered held by the issuer through the seventh anniversary of the qualified equity investment's issuance;

(2) "Applicable percentage", zero percent for each of the first two credit allowance dates, seven percent for the third credit allowance date, and eight percent for the next four credit allowance dates;

(3) "Credit allowance date", with respect to any qualified equity investment:

(a) The date on which such investment is initially made; and

(b) Each of the six anniversary dates of such date thereafter;

(4) "Long-term debt security", any debt instrument issued by a qualified community development entity, at par value or a premium, with an original maturity date of at least seven years from the date of its issuance, with no acceleration of repayment, amortization, or prepayment features prior to its original maturity date, and with no distribution, payment, or interest features related to the profitability of the qualified community development entity or the performance of the qualified community development entity's investment portfolio. The foregoing shall in no way limit the holder's ability to accelerate payments on the debt instrument in situations where the issuer has defaulted on covenants designed to ensure compliance with this section or Section 45D of the Internal Revenue Code of 1986, as amended;

(5) "Qualified active low-income community business", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that any business that derives or projects to derive fifteen percent or more of its annual revenue from the rental or sale of real estate shall not be considered to be a qualified active low-income community business;

(6) "Qualified community development entity", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that such entity has entered into an allocation agreement with the Community Development Financial Institutions Fund of the U.S. Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended, which includes the state of Missouri within the service area set forth in such allocation agreement;

(7) "Qualified equity investment", any equity investment in, or long-term debt security issued by, a qualified community development entity that:

(a) Is acquired after September 4, 2007, at its original issuance solely in exchange for cash;

(b) Has at least eighty-five percent of its cash purchase price used by the issuer to make qualified low-income community investments; and

(c) Is designated by the issuer as a qualified equity investment under this subdivision and is certified by the department of economic development as not exceeding the limitation contained in subsection 2 of this section.

This term shall include any qualified equity investment that does not meet the provisions of paragraph (a) of this subdivision if such investment was a qualified equity investment in the hands of a prior holder;

(8) "Qualified low-income community investment", any capital or equity investment in, or loan to, any qualified active low-income community business. With respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in such

business, on a collective basis with all of its affiliates, that may be used from the calculation of any numerator described in subparagraph a. of paragraph (b) of subdivision (1) of this subsection shall be ten million dollars whether issued to one or several qualified community development entities;

(9) “Tax credit”, a credit against the tax otherwise due under chapter 143, RSMo, excluding withholding tax imposed in sections 143.191 to 143.265, RSMo, or otherwise due under section 375.916, RSMo, or chapter 147, 148, or 153, RSMo;

(10) “Taxpayer”, any individual or entity subject to the tax imposed in chapter 143, RSMo, excluding withholding tax imposed in sections 143.191 to 143.265, RSMo, or the tax imposed in section 375.916, RSMo, or chapter 147, 148, or 153, RSMo.

2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits under this section. On each credit allowance date of such qualified equity investment the taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit during the taxable year including such credit allowance date. The tax credit amount shall be equal to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified equity investment. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the tax credit is claimed. No tax credit claimed under this section shall be refundable or transferable. Tax credits earned by a partnership, limited liability company, S-corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders. Any amount of tax credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried forward to any of the taxpayer's five subsequent taxable years. The department of economic development shall limit the monetary amount of qualified equity investments permitted under this section to a level necessary to limit tax credit utilization at no more than fifteen million dollars of tax credits in any fiscal year. **To the extent that as of the last day of April in any year, less than fifteen million dollars in tax credits have been issued under the provisions of this section, such remaining unissued tax credits shall be made available for allocation under the provisions of section 135.704.** Such limitation on qualified equity investments shall be based on the anticipated utilization of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.

3. The issuer of the qualified equity investment shall certify to the department of economic development the anticipated dollar amount of such investments to be made in this state during the first twelve-month period following the initial credit allowance date. If on the second credit allowance date, the actual dollar amount of such investments is different than the amount estimated, the department of economic development shall adjust the credits arising on the second allowance date to account for such difference.

4. The department of economic development shall recapture the tax credit allowed under this section with respect to such qualified equity investment under this section if:

(1) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or

(2) The issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment.

Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the tax credit

on a return.

5. The department of economic development shall promulgate rules to implement the provisions of this section, including recapture provisions on a scaled proportional basis, and to administer the allocation of tax credits issued for qualified equity investments, which shall be conducted on a first-come, first-serve basis. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid and void.

6. For fiscal years following fiscal year 2010, qualified equity investments shall not be made under this section unless reauthorization is made pursuant to this subsection. For all fiscal years following fiscal year 2010, unless the general assembly adopts a concurrent resolution granting authority to the department of economic development to approve qualified equity investments for the Missouri new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this subsection, no qualified equity investments may be permitted to be made under this section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under subsection 2 of this section. In any year in which the provisions of this section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to such qualified equity investment for each applicable credit allowance date.

7. Under section 23.253, RSMo, of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after September 4, 2007, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

However, nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to sunset of this section under the provisions of section 23.253, RSMo, from claiming tax credits relating to such qualified equity investment for each credit allowance date.

**135.704. 1. As used in this section, the following terms mean:**

(1) “Authority”, the Missouri agricultural and small business development authority established in chapter 348, RSMo;

(2) “Milk producer”, any person with a valid Missouri milk producer identification number who operates a dairy farm and provides, sells, or offers milk for sale to a milk plant, receiving station, or transfer station;

(3) “Noncontrollable input cost”, feed, fertilizer, and fuel costs;

**(4) “Livestock”, any swine or beef cattle;**

**(5) “Livestock production costs”, the market value of feed commodities used in the production of livestock, including but not limited to corn and soybeans, of the type and in the quantity determined by the authority needed to bring livestock to market based on the sale weight of such livestock;**

**2. For all taxable years beginning on or after January 1, 2010, any resident taxpayer who is actively engaged in business as a milk, swine, or cattle producer shall be granted a tax credit based upon the amount of milk, swine, or cattle produced and sold. ### **HOUSE AMENDMENT NO. 1**

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 307, Page 1, In the Title, Line 3 by deleting the words “ambulance service reimbursement allowance tax” and inserting in lieu thereof the following “provider assessments”; and

Further amend said bill, Page 8, Section 633.402, Line 85 by inserting after all of said section the following:

**“660.425. 1. In addition to all other fees and taxes required or paid, a tax is hereby imposed upon in-home services providers for the privilege of providing in-home services under chapter 208, RSMo. The tax is imposed upon payments received by an in-home services provider for the provision of in-home services under chapter 208, RSMo.**

**2. For purposes of sections 660.425 to 660.465, the following terms shall mean:**

**(1) “Engaging in the business of providing in-home services”, all payments received by an in-home services provider for the provision of in-home services under chapter 208, RSMo;**

**(2) “In-home services”, homemaker services, personal care services, chore services, respite services, consumer-directed services, and services, when provided in the individual’s home and under a plan of care created by a physician, necessary to keep children out of hospitals. In-home services shall not include home health services as defined by federal and state law;**

**(3) “In-home services provider”, any provider or vendor, as defined in section 208.900, RSMo, of compensated in-home services under chapter 208, RSMo, and under a provider agreement or**

contracted with the department of social services or the department of health and senior services.

**660.430. 1.** Each in-home services provider in this state providing in-home services under chapter 208, RSMo, shall, in addition to all other fees and taxes now required or paid, pay an in-home services gross receipts tax, not to exceed six and one-half percent of gross receipts, for the privilege of engaging in the business of providing in-home services in this state.

**2.** Each in-home services provider's tax shall be based on a formula set forth in rules promulgated by the department of social services. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

**3.** The director of the department of social services or the director's designee may prescribe the form and contents of any forms or other documents required by sections 660.425 to 660.465.

**4.** Notwithstanding any other provision of law to the contrary, appeals regarding the promulgation of rules under this section shall be made to the circuit court of Cole County. The circuit court of Cole County shall hear the matter as the court of original jurisdiction.

**660.435. 1.** For purposes of assessing the tax under sections 660.425 to 660.465, the department of health and senior services shall make available to the department of social services a list of all providers and vendors under this section.

**2.** Each in-home services provider subject to sections 660.425 to 660.465 shall keep such records as may be necessary to determine the total payments received for the provision of in-home services under chapter 208, RSMo, by the in-home services provider. Every in-home services provider shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine such in-home services provider's tax due.

**3.** The director of the department of social services may prescribe the form and contents of any forms or other documents required by this section.

**4.** Each in-home services provider shall report the total payments received for the provision of in-home services under chapter 208, RSMo, to the department of social services.

**660.440. 1.** The tax imposed by sections 660.425 to 660.465 shall become effective upon authorization by the federal Centers for Medicare & Medicaid Services for a gross receipts tax for in-home services.

**2.** If the federal Centers for Medicare & Medicaid Services determines that their authorization is not necessary for the tax imposed under sections 660.425 to 660.465, the tax shall become effective sixty days after the date of such determination.

**660.445. 1.** The determination of the amount of tax due shall be the total amount of payments reported to the department multiplied by the tax rate established by rule by the department of social services.

**2. The department of social services shall notify each in-home services provider of the amount of tax due. Such amount may be paid in increments over the balance of the assessment period.**

**3. The department of social services may adjust the tax due quarterly on a prospective basis. The department of social services may adjust the tax due more frequently for individual providers if there is a substantial and statistically significant change in the in-home services provided or in the payments received for such services provided under chapter 208, RSMo. The department of social services may define such adjustment criteria by rule.**

**660.450. The director of the department of social services may offset the tax owed by an in-home services provider against any Missouri Medicaid payment due such in-home services provider, if the in-home services provider requests such an offset. The amounts to be offset shall result, so far as practicable, in withholding from the in-home services provider an amount substantially equal to the assessment due from the in-home services provider. The office of administration and the state treasurer may make any fund transfers necessary to execute the offset.**

**660.455. 1. The in-home services tax owed or, if an offset has been made, the balance after such offset, if any, shall be remitted by the in-home services provider to the department of social services. The remittance shall be made payable to the director of the department of social services and shall be deposited in the state treasury to the credit of the “In-home Services Gross Receipts Tax Fund” which is hereby created to provide payments for in-home services provided under chapter 208, RSMo. All investment earnings of the fund shall be credited to the fund.**

**2. An offset authorized by section 660.450 or a payment to the in-home services gross receipts tax fund shall be accepted as payment of the obligation set forth in section 660.425.**

**3. The state treasurer shall maintain records showing the amount of money in the in-home services gross receipts tax fund at any time and the amount of investment earnings on such amount.**

**4. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any unexpended balance in the in-home services gross receipts tax fund at the end of the biennium shall not revert to the credit of the general revenue fund.**

**660.460. 1. The department of social services shall notify each in-home services provider with a tax due of more than ninety days of the amount of such balance. If any in-home services provider fails to pay its in-home services tax within thirty days of such notice, the in-home services tax shall be delinquent.**

**2. If any tax imposed under sections 660.425 to 660.465 is unpaid and delinquent, the department of social services may proceed to enforce the state’s lien against the property of the in-home services provider and compel the payment of such assessment in the circuit court having jurisdiction in the county where the in-home services provider is located. In addition, the department of social services may cancel or refuse to issue, extend, or reinstate a Medicaid provider agreement to any in-home services provider that fails to pay the tax imposed by section 660.425.**

**3. Failure to pay the tax imposed under section 660.425 shall be grounds for failure to renew a provider agreement for services under chapter 208, RSMo, or failure to renew a provider contract. The department of social services may revoke the provider agreement of any in-home services provider that fails to pay such tax, or notify the department of health and senior services to revoke the provider contract.**

**660.465. 1. The in-home services tax required by sections 660.425 to 660.465 shall expire:**

**(1) Ninety days after any one or more of the following conditions are met:**

**(a) The aggregate in-home services fee as appropriated by the general assembly paid to in-home services providers for in-home services provided under chapter 208, RSMo, is less than the fiscal year 2010 in-home services fees reimbursement amount; or**

**(b) The formula used to calculate the reimbursement as appropriated by the general assembly for in-home services provided is changed resulting in lower reimbursement to in-home services providers in the aggregate than provided in fiscal year 2010; or**

**(2) September 1, 2011. The director of the department of social services shall notify the revisor of statutes of the expiration date as provided in this subsection.**

**2. Sections 660.425 to 660.465 shall expire on September 1, 2011.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

**HOUSE AMENDMENT NO. 2**

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 307, Section 190.839, Page 5, Line 1 by inserting immediately after all of said section and line the following:

**“205.202. 1. The governing body of any hospital district established under sections 205.160 to 205.379 in any county of the third classification without a township form of government and with more than thirteen thousand five hundred but fewer than thirteen thousand six hundred inhabitants may, by resolution, abolish the property tax levied in such district under this chapter and impose a sales tax on all retail sales made within the district which are subject to sales tax under chapter 144, RSMo. The tax authorized in this section shall be not more than one percent, and shall be imposed solely for the purpose of funding the hospital district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.**

**2. No such resolution adopted under this section shall become effective unless the governing body of the hospital district submits to the voters residing within the district at a state general, primary, or special election a proposal to authorize the governing body of the district to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.**

**3. All revenue collected under this section by the director of the department of revenue on behalf of the hospital district, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the “Hospital District Sales Tax Fund”, and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to**

the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. Any funds in the special fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The governing body of any hospital district that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the district. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

5. Whenever the governing body of any hospital district that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

6. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the hospital district shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director shall remit the balance in the account to the district and close the account of that district. The director shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district.”; and

Further amend said Substitute, Section B, Page 8, Line 6 by inserting immediately after all of said section and line the following:

“Section B. Because immediate action is necessary to allow certain hospital districts to lower their property tax levies, the enactment of section 205.202 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 205.202 of section A of this act shall be in full force and effect upon its passage and approval.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Emergency clause adopted for a certain section.

### **CONCURRENT RESOLUTIONS**

Senator Stouffer offered the following concurrent resolution:

#### **SENATE CONCURRENT RESOLUTION NO. 28**

WHEREAS, the State of Missouri contains 553 miles of the Missouri River, which borders 23 Missouri counties and over 50 Missouri communities, making it one of the state's greatest natural resources; and

WHEREAS, eighteen power plants, which have the capacity to generate over 11,000 megawatts of electricity, draw cooling water from the lower Missouri River basin; and

WHEREAS, the State of Missouri has constructed infrastructure to support water supply and power generation in the lower Missouri River basin with the understanding that reliable navigation flows would be maintained in the future; and

WHEREAS, the Missouri General Assembly supports this natural resource as a vital link in the State of Missouri's total transportation system and wishes to maximize this valuable asset in order to move freight and to support our state's economy; and

WHEREAS, removing water from the Missouri River in upstream states will have a significant, negative economic and social impact upon Missouri and other downstream states by impacting navigation, power generation, and drinking water availability; and

WHEREAS, the State of North Dakota has for decades relentlessly pursued the Garrison Diversion which would pump Missouri River water across the Continental Divide into the Red River of the North against the wishes of Missouri, Minnesota, Canada, Manitoba and conservation groups; and

WHEREAS, the needs of the Red River basin could be met by in-basin sources which provide the highest benefit-to-cost ratio of all plans considered; and

WHEREAS, the Garrison Diversion has been reviewed and rejected by the last four successive Presidential Administrations; and

WHEREAS, the Garrison Diversion has the capacity to annually divert nearly the equivalent of Kansas City's entire water supply for nine years; and

WHEREAS, the Bureau of Reclamation has assumed unprecedented rates of population growth in the Red River Valley while predicting no growth in water use in the Missouri River basin; and

WHEREAS, the proposed diversion would endanger the many uses of the Missouri River water for drinking water, power plant cooling and transportation for citizens of Missouri:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to deny any request for authorization to transfer water out of the Missouri River by use of the Garrison Diversion; and

BE IT FURTHER RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge Missouri's Congressional delegation to vehemently oppose the Garrison Diversion and actively favor an in-basin alternative for the Red River Valley; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the Secretary of Interior, the U.S. Bureau of Reclamation, and to each member of Missouri's Congressional delegation.

(3) Covered primary care services are provided to enrollees either by providers on staff of the sponsoring organization or by volunteers recruited from a local medical society who have, in both instances, agreed to provide their services for free or for nominal reimbursement for out-of-pocket expenses or expendable supplies directly related to, and incurred as a result of, the service provided to the enrollee;

(4) Payments to outside contractors for marketing, claims administration and similar services total no more than ten percent of the total charges;

(5) The plan has received the approval and endorsement of the local medical society in consultation with the Missouri State Medical Association; and

- (c) Plan financial statements;
- (d) Administrative costs and salaries paid by the plan; and
- (e) Other information that may be reasonably requested by the secretary of state.

2. A plan that meets the requirements of this section shall not be considered to be engaging in the business of insurance for purposes of chapter 376, RSMo, or any provision of Title XXIV, RSMo, and shall not be subject to the jurisdiction of the director of the department of insurance, financial institutions and professional registration.

Section 2. 1. Any volunteer physician, dentist, optometrist, pharmacist, registered professional nurse, licensed practical nurse, psychiatrist, psychologist, professional counselors, or clinical social workers licensed to practice in this state under the provisions of chapter 332, 334, 335, 336, 337, or 338, RSMo, or any volunteer retired physician, dentist, optometrist, pharmacist, registered professional nurse, licensed practical nurse, psychiatrist, psychologist, professional counselor, or clinical social worker who provides medical or mental health treatment to a patient at a nonprofit faith-based community health center that provides health care services for a nominal fee and is qualified as exempt from federal taxation under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, shall not be liable for any civil damages for acts or omissions unless the damages were occasioned by gross negligence or by willful or wanton acts or omissions by such health care provider under this section in rendering such treatment.

2. For purposes of this section, a "volunteer" is an individual rendering medical or mental health treatment who is not compensated for his or her services on a salary or prorated equivalent basis.

3. In order for a retired physician, dentist, optometrist, pharmacist, registered professional nurse,

**licensed practical nurse, psychiatrist, psychologist, professional counselor, or clinical social worker to receive the immunity from liability under this section, such health care provider shall have been in good standing with their respective governing professional board at the time of his or her retirement.”; and**

Further amend the title and enacting clause accordingly.

Senator Goodman moved that the above amendment be adopted, which motion prevailed.

Senator Crowell offered **SA 7**:

**SENATE AMENDMENT NO. 7**

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 229, Page 8, Section 191.1010, Line 25 of said page, by inserting after all of said line the following:

“208.215. 1. MO HealthNet is payer of last resort unless otherwise specified by law. When any person, corporation, institution, public agency or private agency is liable, either pursuant to contract or otherwise, to a participant receiving public assistance on account of personal injury to or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled, payments made by the department of social services or MO HealthNet division shall be a debt due the state and recoverable from the liable party or participant for all payments made [in] **on** behalf of the participant and the debt due the state shall not exceed the payments made from MO HealthNet benefits provided under sections 208.151 to 208.158 and section 208.162 and section 208.204 on behalf of the participant, minor or estate for payments on account of the injury, disease, or disability or benefits arising from a health insurance program to which the participant may be entitled. **Any health benefit plan as defined in section 376.1350, RSMo, third party administrator, administrative service organization, and pharmacy benefits manager, shall process and pay all properly submitted medical assistance subrogation claims or MO HealthNet subrogation claims:**

**(1) For a period of three years from the date services were provided or rendered, regardless of any other timely filing requirement otherwise imposed by such entity, and the entity shall not deny such claims on the basis of the type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to obtain prior authorization; and**

**(2) If any action by the state to enforce its rights with respect to such claim is commenced within six years of the state's submission of such claim.**

2. The department of social services, MO HealthNet division, or its contractor may maintain an appropriate action to recover funds paid by the department of social services or MO HealthNet division or its contractor that are due under this section in the name of the state of Missouri against the person, corporation, institution, public agency, or private agency liable to the participant, minor or estate.

3. Any participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death who pursues legal rights against a person, corporation, institution, public agency, or private agency liable to that participant or minor for injuries, disease or disability or benefits arising from a health insurance plan to which the participant may be entitled as outlined in subsection 1 of this section shall upon actual knowledge that the department of social services or MO HealthNet division has paid MO HealthNet benefits as defined by this chapter promptly notify the MO HealthNet division as to the pursuit of such legal rights.

4. Every applicant or participant by application assigns his right to the department of social services or MO HealthNet division of any funds recovered or expected to be recovered to the extent provided for in this section. All applicants and participants, including a person authorized by the probate code, shall cooperate with the department of social services, MO HealthNet division in identifying and providing information to assist the state in pursuing any third party who may be liable to pay for care and services available under the state's plan for MO HealthNet benefits as provided in sections 208.151 to 208.159 and sections 208.162 and 208.204. All applicants and participants shall cooperate with the agency in obtaining third-party resources due to the applicant, participant, or child for whom assistance is claimed. Failure to cooperate without good cause as determined by the department of social services, MO HealthNet division in accordance with federally prescribed standards shall render the applicant or participant ineligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204. A [recipient] **participant** who has notice or who has actual knowledge of the department's rights to third-party benefits who receives any third-party benefit or proceeds for a covered illness or injury is either required to pay the division within sixty days after receipt of settlement proceeds the full amount of the third-party benefits up to the total MO HealthNet benefits provided or to place the full amount of the third-party benefits in a trust account for the benefit of the division pending judicial or administrative determination of the division's right to third-party benefits.

5. Every person, corporation or partnership who acts for or on behalf of a person who is or was eligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204 for purposes of pursuing the applicant's or participant's claim which accrued as a result of a nonoccupational or nonwork-related incident or occurrence resulting in the payment of MO HealthNet benefits shall notify the MO HealthNet division upon agreeing to assist such person and further shall notify the MO HealthNet division of any institution of a proceeding, settlement or the results of the pursuit of the claim and give thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or participant to recover damages for such injuries, disease, or disability, or benefits arising from a health insurance program to which the participant may be entitled.

6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity

insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division. In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and permanency of the participant's injuries as they affect not only the future employability and education of

the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction.

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. The charges of the department or MO HealthNet division or contractor described in this section, however, shall take priority over all other liens and charges existing under the laws of the state of Missouri with the exception of the attorney's lien under such statute.

12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. The department or MO HealthNet division shall enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on permanently institutionalized individuals. The department or MO HealthNet division shall have the right to enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on all other institutionalized individuals. For the purposes of this subsection, "permanently institutionalized individuals" includes those people who the department or MO HealthNet division determines cannot reasonably be expected to be discharged and return home, and "property" includes the homestead and all other personal and real property in which the participant has sole legal interest or a legal interest based upon co-ownership of the property which is the result of a transfer of property for less than the fair market value within thirty months prior to the [participant's] **participants** entering the nursing facility. The following provisions shall apply to such liens:

(1) The lien shall be for the debt due the state for MO HealthNet benefits paid or to be paid on behalf of a participant. The amount of the lien shall be for the full amount due the state at the time the lien is enforced;

(2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain

the name of the participant and a description of the real estate. The recorder shall note the time of receiving such notice, and shall record and index the notice of lien in the same manner as deeds of real estate are required to be recorded and indexed. The director or the director's designee may release or discharge all or part of the lien and notice of the release shall also be filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(3) No such lien may be imposed against the property of any individual prior to the individual's death on account of MO HealthNet benefits paid except:

(a) In the case of the real property of an individual:

a. Who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution, to spend for costs of medical care all but a minimal amount of his or her income required for personal needs; and

b. With respect to whom the director of the MO HealthNet division or the director's designee determines, after notice and opportunity for hearing, that he cannot reasonably be expected to be discharged from the medical institution and to return home. The hearing, if requested, shall proceed under the provisions of chapter 536, RSMo, before a hearing officer designated by the director of the MO HealthNet division; or

(b) Pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual;

(4) No lien may be imposed under paragraph (b) of subdivision (3) of this subsection on such individual's home if one or more of the following persons is lawfully residing in such home:

(a) The spouse of such individual;

(b) Such individual's child who is under twenty-one years of age, or is blind or permanently and totally disabled; or

(c) A sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution;

(5) Any lien imposed with respect to an individual pursuant to subparagraph b of paragraph (a) of subdivision (3) of this subsection shall dissolve upon that individual's discharge from the medical institution and return home.

14. The debt due the state provided by this section is subordinate to the lien provided by section 484.130, RSMo, or section 484.140, RSMo, relating to an attorney's lien and to the participant's expenses of the claim against the third party.

15. Application for and acceptance of MO HealthNet benefits under this chapter shall constitute an assignment to the department of social services or MO HealthNet division of any rights to support for the purpose of medical care as determined by a court or administrative order and of any other rights to payment for medical care.

16. All participants receiving benefits as defined in this chapter shall cooperate with the state by

reporting to the family support division or the MO HealthNet division, within thirty days, any occurrences where an injury to their persons or to a member of a household who receives MO HealthNet benefits is sustained, on such form or forms as provided by the family support division or MO HealthNet division.

17. If a person fails to comply with the provision of any judicial or administrative decree or temporary order requiring that person to maintain medical insurance on or be responsible for medical expenses for a dependent child, spouse, or ex-spouse, in addition to other remedies available, that person shall be liable to the state for the entire cost of the medical care provided pursuant to eligibility under any public assistance program on behalf of that dependent child, spouse, or ex-spouse during the period for which the required medical care was provided. Where a duty of support exists and no judicial or administrative decree or temporary order for support has been entered, the person owing the duty of support shall be liable to the state for the entire cost of the medical care provided on behalf of the dependent child or spouse to whom the duty of support is owed.

18. The department director or the director's designee may compromise, settle or waive any such claim in whole or in part in the interest of the MO HealthNet program. Notwithstanding any provision in this section to the contrary, the department of social services, MO HealthNet division is not required to seek reimbursement from a liable third party on claims for which the amount it reasonably expects to recover will be less than the cost of recovery or for which recovery efforts will not be cost-effective. Cost-effectiveness is determined based on the following:

(1) Actual and legal issues of liability as may exist between the [recipient] **participant** and the liable party;

(2) Total funds available for settlement; and

(3) An estimate of the cost to the division of pursuing its claim.”; and

Further amend the title and enacting clause accordingly.

Give us the wisdom to know what is possible and what is not and how You will help us do what must be done. And guide us to do so with contemplation and trust in You and a desire to work together. In Your Holy Name we pray. Amen.

The Senate met pursuant to adjournment.

### **RESOLUTIONS**

Senator Shields offered the following resolution:

#### **SENATE RESOLUTION NO. 1012**

Whereas, some observers of the Missouri Senate have noticed manifold problems associated with gavels this session; and

Whereas, in discussions with such an observer, Mr. Tom Rhoads of Joplin, Missouri, members of the Missouri Senate advised Mr. Rhoads of the instances in which a gavel handle split and the hammer of another gavel suddenly and with force flew off of the handle; and

Whereas, a proper gavel is integral for decorum and civil debate consistent with the dignity of the Missouri Senate; and

Whereas, Mr. Rhoads possesses woodworking skills sufficient to carve a gavel out of native Missouri cherry wood; and

Whereas, Mr. Rhoads in no way warrants the safety of this gavel nor that its use will improve decorum and civil exchange within this storied chamber:

Now, Therefore, Be It Resolved that we, the members of the Missouri Senate, Ninety-fifth General Assembly, gladly and gratefully accept this gift of a gavel from Mr. Tom Rhoads for use by Lieutenant Governor Peter Kinder, President Pro Tem Charlie Shields, and all others who preside over the Missouri Senate; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for presentation to Mr. Tom Rhoads as a measure of our appreciation for his time, effort, and skill in providing this essential tool.

Senator Shoemyer offered Senate Resolution No. 1013, regarding Christina Duzan, Memphis, which was adopted.

Senator Pearce offered Senate Resolution No. 1014, regarding the employees of Johnson County Central Dispatch, which was adopted.

Senator Mayer offered Senate Resolution No. 1015, regarding Lieutenant General Clyde Alan Vaughn, which was adopted.

“334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse’s skill, training and competence.

2. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, RSMo, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, RSMo; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in schedules III, IV, and V of section 195.017, RSMo, for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. The charts reviewed under this subdivision may be counted in the number if charts required to be reviewed under subdivision (9) of this subsection.**

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036, RSMo, may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197, RSMo, **or population based public health services as defined by 20 CRS 2150-5.100 as of April 30, 2008.**

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016, RSMo, shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016, RSMo, from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, RSMo.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197, RSMo, or population-based public health services as defined by 20 CRS 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020, RSMo, if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

The directors shall nominate and elect an interim director to complete any unexpired term of a director caused by resignation or disqualification; and

(4) Each director shall be a resident of the district. Directors shall be registered voters at least twenty-one years of age.

2. Notwithstanding anything to the contrary contained in section 238.216, if no persons eligible to be registered voters reside within the district, the following procedures shall apply:

(1) Within thirty days after the district has been declared organized, the circuit clerk of the county in which the petition was filed shall, upon giving notice by causing publication to be made once a week for two consecutive weeks in a newspaper of general circulation in the county, the last publication of which shall be at least ten days before the day of the meeting required by this section, call a meeting of the owners of real property within the district at a day and hour specified in a public place in the county in which the petition was filed for the purpose of electing a board of not less than five and not more than fifteen directors, to be composed of owners or representatives of owners of real property in the district; provided that, if all the owners of property in the district joined in the petition for formation of the district, such meeting may be called by order of the court without further publication. For the purposes of determining board membership, the owner or owners of real property within the district and their legally authorized representative or representatives shall be deemed to be residents of the district; for business organizations and other entities owning real property within the district, the individual or individuals legally authorized to represent the business organizations or entities in regard to the district shall be deemed to be a resident of the district;

(2) The property owners, when assembled, shall organize by the election of a chairman and secretary of the meeting who shall conduct the election. At the election, each acre of real property within the district shall represent one share, and each owner may have one vote in person or by proxy for every acre of real property owned by such person within the district;

(3) The one-third of the initial board members receiving the most votes shall be elected to positions having a term of three years. The one-third of initial board members receiving the next highest number of votes shall be elected to positions having a term of two years. The lowest one-third of initial board members receiving sufficient votes shall be elected to positions having a term of one year. Each initial director shall serve the term to which he or she was elected, and until a successor is duly elected and qualified. Successor directors shall be elected in the same manner as the initial directors at a meeting of the real property owners

called by the board. Each successor director shall serve a three-year term. The directors shall nominate and elect an interim director to complete any unexpired term of a director caused by resignation or disqualification;

(4) Directors shall be at least twenty-one years of age.

3. Notwithstanding any provision of section 238.216 and this section to the contrary, if the petition for formation of the district was filed pursuant to subsection 5 of section 238.207, the following procedures shall be followed:

(1) **If the district is comprised of any of one or more local transportation authorities to operate a public mass transportation system, the board of directors shall consist of not less than three nor more than five persons appointed by the chief executive officers of each local transportation authority proposing the creation of the district. For all other districts, if** the district is comprised of four or more local transportation authorities, the board of directors shall consist of the presiding officer of each local transportation authority within the district. If the district is comprised of two or three local transportation authorities, the board of directors shall consist of the presiding officer of each local transportation authority within the district and one person designated by the governing body of each local transportation authority within the district;

(2) Each director shall be at least twenty-one years of age and a resident or property owner of the local transportation authority the director represents. A director designated by the governing body of a local transportation authority may be removed by such governing body at any time with or without cause, **and a director appointed by the chief executive officer may be removed by the chief executive officer at any time with or without cause;** and

(3) Upon the assumption of office of a new presiding officer of a local transportation authority, such individual shall automatically succeed his predecessor as a member of the board of directors. Upon the removal, resignation or disqualification of a director designated by the governing body of a local transportation authority, such governing body shall designate a successor director.

4. **Except for those districts formed by local transportation authorities to operate a public mass transportation system,** the commission shall appoint one or more advisors to the board, who shall have no vote but shall have the authority to participate in all board meetings and discussions, whether open or closed, and shall have access to all records of the district and its board of directors.

5. If the proposed project is not intended to be merged into the state highways and transportation system under the commission's jurisdiction, the local transportation authority that will assume maintenance of the project shall appoint one or more advisors to the board of directors who shall have the same rights as advisors appointed by the commission.

6. Any county or counties located wholly or partially within the district which is not a local transportation authority pursuant to subdivision (4) of subsection 1 of section 238.202 may appoint one or more advisors to the board who shall have the same rights as advisors appointed by the commission.

238.225. 1. Before construction or funding of any project the district shall submit the proposed project to the commission for its prior approval. If the commission by minute finds that the project will improve or is a necessary or desirable extension of the state highways and transportation system, the commission may preliminarily approve the project subject to the district providing plans and specifications for the proposed project and making any revisions in the plans and specifications required by the commission and

the district and commission entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After such preliminary approval, the district may impose and collect such taxes and assessments as may be included in the commission's preliminary approval. After the commission approves the final construction plans and specifications, the district shall obtain prior commission approval of any modification of such plans or specifications.

2. If the proposed project is not intended to be merged into the state highways and transportation system under the commission's jurisdiction, the district shall also submit the proposed project and proposed plans and specifications to the local transportation authority that will become the owner of the project for its prior approval.

3. In those instances where a local transportation authority is required to approve a project and the commission determines that it has no direct interest in that project, the commission may decline to consider the project. Approval of the project shall then vest exclusively with the local transportation authority subject to the district making any revisions in the plans and specifications required by the local transportation authority and the district and the local transportation authority entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After the local transportation authority approves the final construction plans and specifications, the district shall obtain prior approval of the local transportation authority before modifying such plans or specifications.

**4. Notwithstanding any provision of this section to the contrary, this section shall not apply to any transportation development district formed by local transportation authorities to operate a public mass transportation system.**

238.232. 1. If approved by at least four-sevenths of the qualified voters voting on the question in the district, the district may impose a property tax in an amount not to exceed the annual rate of ten cents on the hundred dollars assessed valuation. The district board may levy a property tax rate lower than its approved tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval. The property tax shall be uniform throughout the district.

2. The ballot of submission shall be substantially in the following form:

Shall the ..... Transportation Development District impose a property tax upon all real and tangible personal property within the district at a rate of not more than ..... If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

3. The county collector of each county in which the district is partially or entirely located shall collect the property taxes and special benefit assessments made upon all real property and tangible personal property within that county and the district, in the same manner as other property taxes are collected.

4. Every county collector having collected or received district property taxes shall, on or before the fifteenth day of each month and after deducting his commissions, remit to the treasurer of that district the amount collected or received by him prior to the first day of the month. Upon receipt of such money, the district treasurer shall execute a receipt therefor, which he shall forward or deliver to the collector. The

district treasurer shall deposit such sums into the district treasury, credited to the appropriate project or purpose. The collector and district treasurer shall make final settlement of the district account and commissions owing, not less than once each year, if necessary.

**5. Notwithstanding any provision of sections 99.800 to 99.865, RSMo, to the contrary, the real property tax for a transportation development district shall not be considered “payment in lieu of taxes” as such term is defined under sections 99.805 and 99.918, RSMo. Tax revenues derived from such tax shall not be subject to allocation under the provisions of subsection 2 of section 99.845, RSMo, or subsection 3 of section 99.957, RSMo.**

238.236. 1. This section shall not apply to any tax levied pursuant to section 238.235, and no tax shall be imposed pursuant to the provisions of this section if a tax has been imposed by a transportation development district pursuant to section 238.235.

2. In lieu of the taxes allowed pursuant to section 238.235, any transportation development district which consists of all of one or more entire counties, all of one or more entire cities, or all of one or more entire counties and one or more entire cities which are totally outside the boundaries of those counties may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, RSMo, for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters. No resolution enacted pursuant to the authority granted by this section shall be effective unless:

(1) The board of directors of the transportation development district submits to the qualified voters of the transportation development district, at a state general, primary, or special election, a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of this section; or

(2) The voters approved the question certified by the petition filed pursuant to subsection 5 of section 238.207.

3. If the transportation development district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of subdivision (1) of subsection 2 of this section, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the transportation development district of .....(transportation development district’s name) impose a transportation development district-wide sales tax at the rate of ..... (insert amount) for a period of ..... (insert number) years from the date on which such tax is first imposed for the purpose of ..... (insert transportation development purpose)?

☐ YES

☐ NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until

the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

4. Within ten days after the adoption of any resolution in favor of the adoption of a transportation development district sales tax which has been approved by the qualified voters of such transportation development district, the transportation development district shall forward to the director of revenue, by United States registered mail or certified mail, a certified copy of the resolution of its board of directors. The resolution shall reflect the effective date thereof. The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of such tax.

5. All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subsection 3 of this section or if the tax authorized by this section is repealed pursuant to subsection 12 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

6. The sales tax may be imposed at a rate of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent, one-half of one percent or one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, RSMo. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

7. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax. The amount reported and returned to the director of revenue by the seller shall be computed on the basis of the combined rate of the tax imposed by sections 144.010 to 144.525, RSMo, and the tax imposed by the resolution as authorized by this section, plus any amounts imposed pursuant to other provisions of law.

8. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

9. All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, governing local sales taxes, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified

in this section.

10. All sales taxes collected by the director of revenue pursuant to this section on behalf of any transportation development district, less one percent for the cost of collection, which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in the state treasury to the credit of the "Transportation Development District Sales Tax Fund", which is hereby created. Moneys in the transportation development district sales tax fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. All interest earned upon the balance in the transportation development district sales tax fund shall be deposited to the credit of the same fund. Any balance in the fund at the end of an appropriation period shall not be transferred to the general revenue fund and the provisions of section 33.080, RSMo, shall not apply to the fund. The director of revenue shall keep accurate records of the amount of money which was collected in each transportation development district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in such fund during the preceding month to the proper transportation development district.

11. The director of revenue may authorize the state treasurer to make refunds from the amounts credited to any transportation development district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such districts. If any transportation development district repeals the tax authorized by this section, the transportation development district shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of such tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of repeal of the tax authorized by this section in such transportation development district, the director of revenue shall remit the balance in the account to the transportation development district and close the account of that transportation development district. The director of revenue shall notify each transportation development district of each instance of any amount refunded or any check redeemed from receipts due the transportation development district.

12. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters of such transportation development district calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution

imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

**13. Notwithstanding any provision of sections 99.800 to 99.865, RSMo, and this section to the contrary, the sales tax for a transportation district formed by local transportation authorities to operate a public mass transportation system:**

**(2) Tax revenues derived from such tax shall not be subject to allocation under the provisions of subsection 3 of section 99.845, RSMo, or subsection 4 of section 99.957, RSMo; and**

**(3) Shall be collected by the director of revenue, less one percent for the cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, and shall be deposited with the state treasurer in a special trust fund, which is hereby created, to be known as the "Transportation Development District Sales Tax Trust Fund". The moneys in this fund are not state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each district wherein a sales tax is imposed pursuant to the provisions of this section. The records shall be open to the inspection of the officers of the city and the public.";** and

Further amend said bill, Page 32, Section 376.502, Line 14, by inserting after all of said line the following:

**“376.1460. 1. As used in sections 376.1460 to 376.1464, the following terms shall mean:**

Such communication shall include notice of medication switches among plan participants, including any financial incentive the health carrier or PBM may be utilizing to encourage or induce the switch. Information contained in the notification shall be in the aggregate and shall not contain any personally identifiable information.**

**The provisions of this subsection shall not apply to any substitution made under subsection 2 of section 338.056, RSMo, unless such substitute results in a higher cost to the patient or health insurance payer.**

**3. All health carriers and pharmacy benefit managers shall submit the format and language for**

any switch communication that will be sent to a patient under this section to the department of insurance, financial institutions and professional registration for approval. The department shall examine the format and language of the switch communication to ensure it meets the criteria for a switch communication as described in this section. The department shall have sixty days to review and issue a statement to the health carrier or pharmacy benefit manager that the format and language of the switch communication either does or does not comply with the statute. In the event the department's response indicates non-compliance with the statute, the department shall site specific reasons for such decision. The department shall also promulgate rules governing switch communications. Such rules shall include, but not be limited to the following:

(2) Except for a substitution due to the Food and Drug Administration's withdrawal of a drug for prescription, a requirement that all switch communications bear a prominent notification on the first page clearly indicating the switch communication is not a product safety notice.

4. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

376.1462. 1. Issuing or delivering or causing to be issued or delivered a switch communication that has not been approved and is not in compliance with the requirements of section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

3. Any other material violation of section 376.1460 is punishable by a fine not to exceed twenty-five thousand dollars.

376.1464. 1. When medications for the treatment of any medical condition are restricted for use by a health carrier or PBM by a step therapy or fail first protocol, a prescriber shall have access to a clear and convenient process to expeditiously request an override for such restriction from the PBM or health carrier. An override of such restriction shall be expeditiously granted by the health carrier or PBM when:

(1) The prescriber can demonstrate, based on sound clinical evidence, that the preferred treatment required under the step therapy or fail first protocol has been ineffective in the treatment of the covered person's disease or medical condition; or

(2) Based on sound clinical evidence or medical and scientific evidence:

**(a) The prescriber can demonstrate that the preferred treatment required under the step therapy or fail first protocol is expected or likely to be ineffective based on the known relevant physical or mental characteristics of the covered person and known characteristics of the drug regimen; or**

**(b) The prescriber can demonstrate that the preferred treatment required under the step therapy or fail first protocol will cause or will likely cause an adverse reaction or other harm to the covered person.**

**2. The duration of any step therapy or fail first protocol shall not be longer than a period of fourteen days when such treatment is deemed clinically ineffective by the prescribing physician. However, when the health carrier or PBM can show, through sound clinical evidence, the originally prescribed medication is likely to require more than two weeks to provide any relief or amelioration to the patient the step therapy or fail first protocol may be extended up to seven additional days.**

**3. Nothing in this section shall require the PBM or health carrier to grant an exception to the step therapy or fail first protocol if the prescriber fails to meet the requirements in subsection 1 of this section.**

**4. Nothing in this section shall be construed as requiring coverage for any condition which is specifically excluded by the insurance policy or contract and not otherwise required by law.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(1) Every application other than a renewal application for a motor vehicle franchise dealer shall include a certification that the applicant has a bona fide established place of business. Such application shall include an annual certification that the applicant has a bona fide established place of business for the first three years and only for every other year thereafter. The certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant’s place of business is located; except that in counties of the first classification, certification may be performed by an officer of a metropolitan police department when the applicant’s established place of business of distributing or selling motor vehicles or trailers is in the metropolitan area where the certifying metropolitan police officer is employed. When the application is being made for licensure as a boat manufacturer or boat dealer, certification shall be performed by a uniformed member of the Missouri state water patrol stationed in the district area in which the applicant’s place of business is located or by a uniformed member of the Missouri state highway patrol stationed in the troop area in which the applicant’s place of business is located or, if the applicant’s place of business is located within the jurisdiction of a metropolitan police department in a first class county, by an officer of such metropolitan police department. A bona fide established place of business for any new motor vehicle franchise dealer, used motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle dealer, trailer dealer, or wholesale or public auction shall be a permanent enclosed building or structure, either owned in fee or leased and actually occupied as a place of business by the applicant for the selling, bartering, trading, servicing, or exchanging of motor vehicles, boats, personal watercraft, or trailers and wherein the public may contact the owner or

operator at any reasonable time, and wherein shall be kept and maintained the books, records, files and other matters required and necessary to conduct the business. The applicant's place of business shall contain a working telephone which shall be maintained during the entire registration year. In order to qualify as a bona fide established place of business for all applicants licensed pursuant to this section there shall be an exterior sign displayed carrying the name of the business set forth in letters at least six inches in height and clearly visible to the public and there shall be an area or lot which shall not be a public street on which multiple vehicles, boats, personal watercraft, or trailers may be displayed. The sign shall contain the name of the dealership by which it is known to the public through advertising or otherwise, which need not be identical to the name appearing on the dealership's license so long as such name is registered as a fictitious name with the secretary of state, has been approved by its line-make manufacturer in writing in the case of a new motor vehicle franchise dealer and a copy of such fictitious name registration has been provided to the department. Dealers who sell only emergency vehicles as defined in section 301.550 are exempt from maintaining a bona fide place of business, including the related law enforcement certification requirements, and from meeting the minimum yearly sales;

(2) The initial application for licensure shall include a photograph, not to exceed eight inches by ten inches but no less than five inches by seven inches, showing the business building, lot, and sign. A new motor vehicle franchise dealer applicant who has purchased a currently licensed new motor vehicle franchised dealership shall be allowed to submit a photograph of the existing dealership building, lot and sign but shall be required to submit a new photograph upon the installation of the new dealership sign as required by sections 301.550 to 301.573. Applicants shall not be required to submit a photograph annually unless the business has moved from its previously licensed location, or unless the name of the business or address has changed, or unless the class of business has changed;

(3) Every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, trailer dealer, or boat dealer shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-103, RSMo, issued by any state or federal financial institution in the penal sum of twenty-five thousand dollars on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the dealer complying with the provisions of the statutes applicable to new motor vehicle franchise dealers, used motor vehicle dealers, powersport dealers, wholesale motor vehicle dealers, trailer dealers, and boat dealers, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the dealer's license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party. Additionally, every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, [trailer dealer,] or boat dealer shall furnish with the application a copy of a current dealer garage policy bearing the policy number and name of the insurer and the insured;

(4) Payment of all necessary license fees as established by the department. In establishing the amount of the annual license fees, the department shall, as near as possible, produce sufficient total income to offset operational expenses of the department relating to the administration of sections 301.550 to 301.573. All

fees payable pursuant to the provisions of sections 301.550 to 301.573, other than those fees collected for the issuance of dealer plates or certificates of number collected pursuant to subsection 6 of this section, shall be collected by the department for deposit in the state treasury to the credit of the “Motor Vehicle Commission Fund”, which is hereby created. The motor vehicle commission fund shall be administered by the Missouri department of revenue. The provisions of section 33.080, RSMo, to the contrary notwithstanding, money in such fund shall not be transferred and placed to the credit of the general revenue fund until the amount in the motor vehicle commission fund at the end of the biennium exceeds two times the amount of the appropriation from such fund for the preceding fiscal year or, if the department requires permit renewal less frequently than yearly, then three times the appropriation from such fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the multiple of the appropriation from such fund for the preceding fiscal year.

2. In the event a new vehicle manufacturer, boat manufacturer, motor vehicle dealer, wholesale motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle auction, trailer dealer, or a public motor vehicle auction submits an application for a license for a new business and the applicant has complied with all the provisions of this section, the department shall make a decision to grant or deny the license to the applicant within eight working hours after receipt of the dealer’s application, notwithstanding any rule of the department.

3. Upon the initial issuance of a license by the department, the department shall assign a distinctive dealer license number or certificate of number to the applicant and the department shall issue one number plate or certificate bearing the distinctive dealer license number or certificate of number and two additional number plates or certificates of number within eight working hours after presentment of the application. Upon renewal, the department shall issue the distinctive dealer license number or certificate of number as quickly as possible. The issuance of such distinctive dealer license number or certificate of number shall be in lieu of registering each motor vehicle, trailer, vessel or vessel trailer dealt with by a boat dealer, boat manufacturer, manufacturer, public motor vehicle auction, wholesale motor vehicle dealer, wholesale motor vehicle auction or new or used motor vehicle dealer.

The provisions of this subsection shall become effective on the date the director of the department of revenue begins to reissue new license plates under section 301.130, or on December 1, 2008, whichever occurs first. If the director of revenue begins reissuing new license plates under the authority granted under section 301.130 prior to December 1, 2008, the director of the department of revenue shall notify the revisor of statutes of such fact.

5. Upon the sale of a currently licensed new motor vehicle franchise dealership the department shall, upon request, authorize the new approved dealer applicant to retain the selling dealer's license number and shall cause the new dealer's records to indicate such transfer.

6. In the case of new motor vehicle manufacturers, motor vehicle dealers, powersport dealers, recreational motor vehicle dealers, and trailer dealers, the department shall issue one number plate bearing the distinctive dealer license number and may issue two additional number plates to the applicant upon payment by the manufacturer or dealer of a fifty dollar fee for the number plate bearing the distinctive dealer license number and ten dollars and fifty cents for each additional number plate. A motor vehicle dealer, trailer dealer, boat dealer, powersport dealer, recreational motor vehicle dealer, motor vehicle manufacturer, boat manufacturer, or wholesale motor vehicle dealer obtaining a distinctive dealer license plate or certificate of number or additional license plate or additional certificate of number, throughout the calendar year, shall be required to pay a fee for such license plates or certificates of number computed on the basis of one-twelfth of the full fee prescribed for the original and duplicate number plates or certificates of number for such dealers' licenses, multiplied by the number of months remaining in the licensing period for which the dealer or manufacturers shall be required to be licensed. ## HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Bill No. 215, Section 348.274, Page 34, Line 134 by inserting after all of said line the following:

“447.708. 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150, RSMo, and sections 135.200 to 135.257, RSMo. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, or the tax otherwise imposed by chapter 147, RSMo, or the tax otherwise imposed by chapter 148, RSMo. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220, RSMo, and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225, RSMo, are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, RSMo, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225, RSMo;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245, RSMo, for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, “taxpayer” means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471, RSMo, who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, "related taxpayer" has the same meaning as defined in subdivision (9) of section 135.100, RSMo;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100, RSMo, which is used at and in

connection with the eligible project. “New qualified investment” shall not include small tools, supplies and inventory. “Small tools” means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, **environmental insurance premiums, backfill of areas where contaminated soil excavation occurs**, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer’s tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575, RSMo. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, or the tax otherwise imposed by chapter 147, RSMo, or the tax otherwise imposed by chapter 148, RSMo. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a “Letter of Completion” letter or covenant not to sue following completion of the

voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. **In the event the department of natural resources issues a “letter of completion” letter for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.**

4. In the exercise of the sound discretion of the director of the department of economic development or the director’s designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 to 6 of section 135.250, RSMo. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, RSMo, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, RSMo, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer’s income attributed to the eligible project; or

(2) One hundred percent of the total business’ income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer’s tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business’ income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer’s tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer’s business income in any tax period. That portion of the taxpayer’s income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225, RSMo, and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100, RSMo. That portion of the taxpayer’s franchise tax

attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100, RSMo.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471, RSMo, or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

(1) The shareholders of the corporation described in section 143.471, RSMo;

(2) The partners of the partnership. The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

620.472. 1. The department shall establish a new or expanding industry training program, the purpose of which is to provide assistance for new or expanding industries for the training, retraining or upgrading of the skills of potential employees. **Training may include preemployment training, and services may**

include analysis of the specified training needs for such company, development of training plans, and provision of training through qualified training staff. Such program may fund in-plant training analysis, curriculum development, assessment and preselection tools, publicity for the program, instructional services, rental of instructional facilities with necessary utilities, access to equipment and supplies, other necessary services, overall program direction, and an adequate staff to carry out an effective training program. In addition, the program may fund a coordinated transportation program for trainings if the training can be more effectively provided outside the community where the jobs are to be located. **In-plant training analysis shall include fees for professionals and necessary travel and expenses.** Such program may also provide assistance in the locating of skilled employees and in the locating of additional sources of job training funds. Such program shall be operated with appropriations made by the general assembly from the fund.

2. Assistance under the new or expanding industry training program may be available only for industries whose investments relate directly to a projected increase in employment which will result in the need for training of newly hired employees or the retraining or upgrading of the skills of existing employees for new jobs created by the new or expanding industry's investment.

3. The department shall issue rules and regulations governing the awarding of funds administered through the new or expanding industry training program. When promulgating these rules and regulations, the department shall consider such factors as the potential number of new permanent jobs to be created, the amount of private sector investment in new facilities and equipment, the significance of state funding to the industry's decision to locate or expand in Missouri, the economic need of the affected community, and the importance of the industry to the economic development of Missouri.""; and

Tax credits allowed pursuant to this subsection or subsection 1 of this section may be carried back to any of the three prior tax years and carried forward to any of the **next** five tax years.

5. An existing corporation, partnership or sole proprietorship that is located within a distressed community and that relocates employees from another facility outside of the distressed community to its facility within the distressed community, and an existing business located within a distressed community that hires new employees for that facility may both be eligible for the tax credits allowed by subsections 1 and 3 of this section. To be eligible for such tax credits, such a business, during one of its tax years, shall employ within a distressed community at least twice as many employees as were employed at the beginning of that tax year. A business hiring employees shall have no more than one hundred employees before the addition of the new employees. This subsection shall only apply to a business which is a manufacturing, biomedical, medical devices, scientific research, animal research, computer software design or development, computer programming or telecommunications business, or a professional firm.

6. Tax credits shall be approved for applicants meeting the requirements of this section in the order that

such applications are received. Certificates of tax credits issued in accordance with this section may be transferred, sold or assigned by notarized endorsement which names the transferee.

7. The tax credits allowed pursuant to subsections 1, 2, 3, 4 and 5 of this section shall be for an amount of no more than ten million dollars for each year beginning in 1999. To the extent there are available tax credits remaining under the ten million dollar cap provided in this section, [up to one hundred thousand dollars in the] **such** remaining credits shall first be used for tax credits authorized under section 135.562. The total maximum credit for all entities already located in distressed communities and claiming credits pursuant to subsection 4 of this section shall be seven hundred and fifty thousand dollars. The department of economic development in approving taxpayers for the credit as provided for in subsection 6 of this section shall use information provided by the department of revenue regarding taxes paid in the previous year, or projected taxes for those entities newly established in the state, as the method of determining when this maximum will be reached and shall maintain a record of the order of approval. Any tax credit not used in the period for which the credit was approved may be carried over until the full credit has been allowed.

8. A Missouri employer relocating into a distressed community and having employees covered by a collective bargaining agreement at the facility from which it is relocating shall not be eligible for the credits in subsection 1, 3, 4 or 5 of this section, and its employees shall not be eligible for the credit in subsection 2 of this section if the relocation violates or terminates a collective bargaining agreement covering employees at the facility, unless the affected collective bargaining unit concurs with the move.

9. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits allowed in this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions, and refund otherwise allowed in sections 135.200, 135.220, 135.225 and 135.245, respectively, for the same business for the same tax period.

135.562. 1. If any taxpayer with a federal adjusted gross income of thirty thousand dollars or less incurs costs for the purpose of making all or any portion of such taxpayer's principal dwelling accessible to [an individual with a disability] **a disabled individual or a senior** who permanently resides with the taxpayer, such taxpayer shall receive a tax credit against such taxpayer's Missouri income tax liability in an amount equal to the lesser of one hundred percent of such costs or two thousand five hundred dollars per taxpayer, per tax year.

**For purposes of this section, "disabled individual" means any natural person who:**

**(1) Is a hearing-impaired person as defined in section 302.174, RSMo;**

**(2) Is a blind person as defined in section 8.700, RSMo; or**

**(3) Has medical disabilities that, as determined by a health care professional as defined in section 191.300, RSMo, prohibit, limit, or severely impair the person's ability to ambulate or walk as follows:**

**(a) The person is unable to ambulate or walk less than fifty feet without stopping to rest due to a severe and disabling arthritic, neurological, orthopedic, or other severe and disabling condition; or**

**(b) The person is unable to ambulate or walk without the use of or assistance from a brace, cane, crutch, prosthetic device, wheelchair, other assistive device, or another person.**

2. Any taxpayer with a federal adjusted gross income greater than thirty thousand dollars but less than sixty thousand dollars who incurs costs for the purpose of making all or any portion of such taxpayer's

principal dwelling accessible to [an individual with a disability] **a disabled individual or senior** who permanently resides with the taxpayer shall receive a tax credit against such taxpayer's Missouri income tax liability in an amount equal to the lesser of fifty percent of such costs or two thousand five hundred dollars per taxpayer per tax year. No taxpayer shall be eligible to receive tax credits under this section in any tax year immediately following a tax year in which such taxpayer received tax credits under the provisions of this section.

3. Tax credits issued pursuant to this section may be refundable in an amount not to exceed two thousand five hundred dollars per tax year.

4. Eligible costs for which the credit may be claimed include:

- (1) Constructing entrance or exit ramps;
- (2) Widening exterior or interior doorways;
- (3) Widening hallways;
- (4) Installing handrails or grab bars;
- (5) Moving electrical outlets and switches;

- (8) Modifying hardware of doors; [or]
- (9) Modifying bathrooms; **or**

**(10) Constructing additional rooms in the dwelling or structures on the property for the purpose of accommodating the senior or disabled person.**

5. The tax credits allowed, including the maximum amount that may be claimed, pursuant to this section shall be reduced by an amount sufficient to offset any amount of such costs a taxpayer has already deducted from such taxpayer's federal adjusted gross income or to the extent such taxpayer has applied any other state or federal income tax credit to such costs.

6. A taxpayer shall claim a credit allowed by this section in the same taxable year as the credit is issued, and at the time such taxpayer files his or her Missouri income tax return; provided that such return is timely filed.

7. The department may, in consultation with the department of social services, promulgate such rules or regulations as are necessary to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The provisions of this section shall apply to all tax years beginning on or after January 1, 2008.

9. The provisions of this section shall expire December 31, 2013.

10. In no event shall the aggregate amount of all tax credits allowed pursuant to this section exceed [one hundred thousand dollars] **the amount of tax credits remaining unused under the program authorized under section 135.535** in any given fiscal year. The tax credits issued pursuant to this section shall be on a first-come, first-served filing basis.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

In which the concurrence of the Senate is respectfully requested.

# Journal of the Senate

## FIRST REGULAR SESSION

---

Senator Stouffer in the Chair.

Reverend Carl Gauck offered the following prayer:

“Days are scrolls: write on them what you want to be remembered.” (Bahya ibn Pakuda)

Gracious God, we recognize the gift of each day and often the importance of it. Help us to use each day as if it were a day that would be recorded in history and what it says about us is what we want to be known and remembered by others. So help us use this day as is keeping with what is truly important to You and needed by others. In Your Holy Name we pray. Amen.

# Journal of the Senate

## FIRST REGULAR SESSION

---

**SIXTY-SEVENTH DAY—THURSDAY, MAY 7, 2009**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“We have to pray with our eyes on God, not on the difficulties.” (Oswald Chambers)

These days, Lord, increase the tension we know; for we approach a time when this session will end and our work for this time will end and we have much we still want to accomplish. On this National Day of Prayer, help us to keep our eyes on You and not the problems and conflict we see about us so our efforts are true and directed in what You see as truly important that we can bring to completion. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

The redevelopment agreement shall include a time line for redevelopment of the eligible project area. The redevelopment agreement shall state that the named developer shall be subject to the provisions of chapter 290, RSMo.

3. Any applicant shall be entitled to a tax credit against the taxes imposed under chapters 143, 147, and 148, RSMo, except for sections 143.191 to 143.265, RSMo, in an amount equal to fifty percent of the acquisition costs, and one hundred percent of the interest costs incurred for a period of five years after the acquisition of an eligible parcel. No tax credits shall be issued under this section until after January 1, 2008.

4. If the amount of such tax credit exceeds the total tax liability for the year in which the applicant is entitled to receive a tax credit, the amount that exceeds the state tax liability may be carried forward for credit against the taxes imposed under chapters 143, 147, and 148, RSMo, for the succeeding six years, or until the full credit is used, whichever occurs first. The applicant shall not be entitled to a tax credit for taxes imposed under sections 143.191 to 143.265, RSMo. Applicants entitled to receive such tax credits may transfer, sell, or assign the tax credits. Tax credits granted to a partnership, a limited liability company taxed as a partnership, or multiple owners of property shall be passed through to the partners, members, or owners respectively pro rata or pursuant to an executed agreement among the partners, members, or owners documenting an alternate distribution method.

5. A purchaser, transferee, or assignee of the tax credits authorized under this section may use acquired tax credits to offset up to one hundred percent of the tax liabilities otherwise imposed under chapters 143, 147, and 148, RSMo, except for sections 143.191 to 143.265, RSMo. A seller, transferor, or assignor shall perfect such transfer by notifying the department in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department to administer and carry out the provisions of this section.

6. To claim tax credits authorized under this section, an applicant shall submit to the department an application for a certificate. An applicant shall identify the boundaries of the eligible project area in the application. The department shall verify that the applicant has submitted a valid application in the form and format required by the department. The department shall verify that the municipal authority held the requisite hearings and gave the requisite notices for such hearings in accordance with the applicable economic incentive act, and municipal ordinances. On an annual basis, an applicant may file for the tax credit for the acquisition costs, and for the tax credit for the interest costs, subject to the limitations of this section. If an applicant applying for the tax credit meets the criteria required under this section, the department shall issue a certificate in the appropriate amount. If an applicant receives a tax credit for maintenance costs as a part of the applicant's acquisition costs, the department shall post on its Internet web site the amount and type of maintenance costs and a description of the redevelopment project for which the applicant received a tax credit within thirty days after the department issues the certificate to the applicant.

7. The total aggregate amount of tax credits authorized under this section shall not exceed ninety-five million dollars. At no time shall the annual amount of the tax credits issued under this section exceed [ten] **twenty** million dollars. If the tax credits that are to be issued under this section exceed, in any year, the [ten] **twenty** million dollar limitation, the department shall either:

(1) Issue tax credits to the applicant in the amount of [ten] **twenty** million dollars, if there is only one applicant entitled to receive tax credits in that year; or

(2) Issue the tax credits on a pro rata basis to all applicants entitled to receive tax credits in that year. Any amount of tax credits, which an applicant is, or applicants are, entitled to receive on an annual basis and are not issued due to the [ten] **twenty** million dollar limitation, shall be carried forward for the benefit of the applicant or applicants to subsequent years. No tax credits provided under this section shall be authorized after August 28, 2013. Any tax credits which have been authorized on or before August 28, 2013, but not issued, may be issued, subject to the limitations provided under this subsection, until all such authorized tax credits have been issued.

8. Upon issuance of any tax credits pursuant to this section, the department shall report to the municipal authority the applicant's name and address, the parcel numbers of the eligible parcels for which the tax credits were issued, the itemized acquisition costs and interest costs for which tax credits were issued, and the total value of the tax credits issued. The municipal authority and the state shall not consider the amount of the tax credits as an applicant's cost, but shall include the tax credits in any sources and uses and cost benefit analysis reviewed or created for the purpose of awarding other economic incentives. The amount of the tax credits shall not be considered an applicant's cost in the evaluation of the amount of any award of any other economic incentives, but shall be considered in measuring the reasonableness of the rate of return to the applicant with respect to such award of other economic incentives. The municipal authority shall provide the report to any relevant commission, board, or entity responsible for the evaluation and recommendation or approval of other economic incentives to assist in the redevelopment of the eligible project area. Tax credits authorized under this section shall constitute redevelopment tax credits, as such term is defined under section 135.800 RSMo, and shall be subject to all provisions applicable to redevelopment tax credits provided under sections 135.800 to 135.830 RSMo.

9. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter

536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.”; and

Further amend said bill, Section 135.680, Page 31, Line 143 by inserting after all of said line the following:

“135.800. 1. The provisions of sections 135.800 to 135.830 shall be known and may be cited as the “Tax Credit Accountability Act of 2004”.

2. As used in sections 135.800 to 135.830, the following terms mean:

The term “taxpayer” shall not include any individual, partnership, or charitable organization which receives tax credits under the provisions of section 620.1041.**

2. For tax years beginning on or after January 1, 2001, the director of the department of economic development may authorize a taxpayer to receive a tax credit against the tax otherwise due pursuant to chapter 143, RSMo, or chapter 148, RSMo, other than the taxes withheld pursuant to sections 143.191 to 143.265, RSMo, in an amount up to [six and one-half] **ten** percent of the [excess] **amount** of the taxpayer's qualified research expenses, as certified by the director of the department of economic development, within this state during the taxable year [over the average of the taxpayer's qualified research expenses within this state over the immediately preceding three taxable years; except that, no tax credit shall be allowed on that portion of the taxpayer's qualified research expenses incurred within this state during the taxable year in which the credit is being claimed, to the extent such expenses exceed two hundred percent of the taxpayer's average qualified research expenses incurred during the immediately preceding three taxable years], **or in the case of qualified research expenses incurred in a distressed community as defined under section 135.530, RSMo, in an amount equal to twenty-five percent of the amount of the qualified research expenses. 3. The director of economic development shall prescribe the manner in which the tax credit may be applied for. The tax credit authorized by this section may be claimed by the taxpayer to offset the tax liability imposed by chapter 143, RSMo, or chapter 148, RSMo, that becomes due in the tax year during which such qualified research expenses were incurred. Where the amount of the credit exceeds the tax liability, the difference between the credit and the tax liability may only be carried forward for the next five succeeding taxable years or until the full credit has been claimed, whichever first occurs. 5. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section

The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized prior to June 30, 2015, or a taxpayer's ability to redeem such tax credits.**

7. For fiscal year 2010 and each fiscal year thereafter, no less than two million dollars in tax credits shall be made available for qualified research expenses incurred in a distressed community. No more than five hundred thousand dollars in tax credits shall be issued annually under this section to any taxpayer for qualified research expenses, unless such research expenses are incurred by a taxpayer in a distressed area, in which case no more than one million dollars in tax credits may be issued to such taxpayer annually. No taxpayer shall simultaneously receive tax credits under the provisions of this section and section 620.1041.

8. Authorization for all or a part of the tax credits reserved for expenses incurred in a distressed community, under the provisions of subsection 7 of this section, shall not restrict eligibility of a taxpayer to receive remaining credits for other qualified research expenses incurred in a distressed community.

**620.1041. 1. As used in this section, the term "taxpayer" means an individual, a partnership, or any charitable organization which is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143, RSMo, or a corporation as described in section 143.441 or 143.471, RSMo, or section 148.370, RSMo, and the term "qualified research expenses" has the same meaning as prescribed in 26 U.S.C. 41, except that such qualified research expenses shall be limited to those incurred in the research and development of agricultural biotechnology, plant genomics products, diagnostic and therapeutic medical devices, prescription pharmaceuticals consumed by humans or animals, electronic patient health record technology, or qualified research expenses incurred in the research, development or manufacture of power system technology for aerospace, space, defense, alternative energy, alternative energy vehicles, or implantable or wearable medical devices, or qualified research expenses incurred in the research, development, or manufacturing of gears, speed changers, and industrial high speed drivers, utilized in the wind turbine industry. 2. For tax years ending after January 1, 2009, the director of the department of economic

(1) Three percent of the amount of increase in qualified research expenses paid or incurred during the taxable year which does not exceed two million five hundred thousand dollars;

(2) Five percent of the amount of increase in qualified research expenses paid or incurred during the taxable year which exceeds two million five hundred thousand dollars but does not exceed five million dollars; and

Provisions of this subsection to the contrary notwithstanding, no tax credit shall be allowed on that portion of the taxpayer's qualified research expenses incurred within this state during the taxable year in which the credit is being claimed, to the extent such expenses exceed two hundred percent of the taxpayer's average qualified research expenses incurred during the immediately preceding three taxable years.

3. The director of economic development shall prescribe the manner in which the taxpayer may apply for the tax credit. The tax credit authorized by this section may be claimed by the taxpayer to offset the tax liability imposed by chapter 143, RSMo, or chapter 148, RSMo, that becomes due in the tax year during which such qualified research expenses were incurred; provided that if the return required to be filed pursuant to section 143.511, RSMo, or section 148.050, RSMo, for such tax year has already been filed, the taxpayer may claim the tax credit authorized by this section by claiming the tax credit against the tax liability imposed by chapter 143, RSMo, or chapter 148, RSMo, in the tax year following the tax year in which such qualified research expenses were incurred. Where the amount of the credit exceeds the tax liability, the difference between the credit and the tax liability may only be carried forward for the next five succeeding taxable years after the tax year in which the credit was first claimed or until the full credit has been claimed, whichever first occurs. The application for tax credits authorized by the director pursuant to subsection 2 of this section shall be made no earlier than January first and no later than July first of the calendar year immediately following the calendar year in which the taxpayer's tax period for which the credits are being claimed ended. The director shall act on any such application for tax credits no sooner than August first but no later than August fifteenth of each year for applications filed in that calendar year.

4. Certificates of tax credit issued pursuant to this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department which names the transferee and the amount of tax credit transferred. The director of economic development may allow a taxpayer to transfer, sell, or assign up to forty percent of the amount of the certificates of tax credit issued to and not claimed by such taxpayer pursuant to this section during any tax year commencing on or after January 1, 2010, and ending not later than December 31, 2016. Such taxpayer shall file, by December 31, 2018, an application with the department which names the transferee, the amount of tax credit desired to be transferred, and a certification that the funds received by the applicant as a result of the

transfer, sale, or assignment of the tax credit shall be expended within three years at the state university for the sole purpose of conducting research activities agreed upon by the department, the taxpayer, and the state university. Failure to expend such funds in the manner prescribed pursuant to this section shall cause the applicant to be subject to the provisions of section 620.017.

5. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. All rulemaking authority delegated prior to August 28, 2009, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 2009, if such rule complied with the provisions of chapter 536, RSMo. The provisions of this section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

6. The total amount of tax credits provided under this section, which may be authorized in fiscal year 2010 and each fiscal year thereafter, shall not exceed seven million dollars. No tax credits provided under this section shall be authorized after June 30, 2015. The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized prior to June 30, 2015, or a taxpayer's ability to redeem such tax credits. In the event that total eligible claims for credits received in a fiscal year exceed the amount of tax credits available for authorization in such fiscal year, as provided under the provisions of this section, each eligible claimant shall be issued credits based upon the following formula: the eligible credits if the amount allocated had not been exceeded multiplied by the ratio of the allocation divided by the total of all eligible claims for credits filed in that fiscal year.

7. No one taxpayer shall be issued more than thirty percent of the aggregate of all tax credits authorized under this section in any calendar year. No taxpayer shall simultaneously receive tax credits under the provisions of this section and section 620.1039.”; and

Nothing in sections 67.1401 to 67.1571 shall be construed to delegate to any district any sovereign right of municipalities to promote order, safety, health, morals, and general welfare of the public, except those such police powers, if any, expressly delegated pursuant to sections 67.1401 to 67.1571.

5. The governing body of the municipality establishing the district shall not decrease the level of publicly funded services in the district existing prior to the creation of the district or transfer the financial burden of providing the services to the district unless the services at the same time are decreased throughout the municipality, nor shall the governing body discriminate in the provision of the publicly funded services between areas included in such district and areas not so included.

67.1521. 1. A district may levy by resolution one or more special assessments against real property within its boundaries, upon receipt of and in accordance with a petition signed by:

(2) More than fifty percent per capita of the owners of all real property within the boundaries of the district **which is to be subject to special assessments**.

4. By resolution of the board, the district may levy a special assessment rate lower than the rate ceiling set forth in the petition authorizing the special assessment and may increase such lowered special assessment rate to a level not exceeding the special assessment rate ceiling set forth in the petition without further approval of the real property owners; provided that a district imposing a special assessment pursuant to this section may not repeal or amend such special assessment or lower the rate of such special assessment if such repeal, amendment or lower rate will impair the district's ability to pay any liabilities that it has incurred, money that it has borrowed or obligations that it has issued.

5. Each special assessment which is due and owing shall constitute a perpetual lien against each tract, lot or parcel of property from which it is derived. Such lien may be foreclosed in the same manner as any other special assessment lien as provided in section 88.861, RSMo.

6. A separate fund or account shall be created by the district for each special assessment levied and each fund or account shall be identifiable by a suitable title. **4.** Within ten days after the qualified voters have approved the imposition of the sales and use tax, **or within ten days after district verification as provided in subsection 3 of this section**, the district shall, in accordance with section 32.087, RSMo, notify the director of the department of revenue. [9.] **10.** A district may repeal by resolution any sales and use tax imposed pursuant to this section before the expiration date of such sales and use tax unless the repeal of such sales and use tax will impair the district's ability to repay any liabilities the district has incurred, moneys the district has borrowed or obligation the district has issued to finance any improvements or services rendered for the district.
